*I dont know why I write, I dont really have any talent. Besides most of my poems are slightly/really depressing. But this one was when I started thinking about my past and future.*

# 1 - Untitled

All the thoughts running through my head  
The past and the future the ones I seem to dread  
I just don't know how life will end up for me  
Will I be someone famous or a person in discrete  
Will I not make it into my adult years?  
These are the things that I seem to fear  
But what about my past, all the anger and the fights  
While me not knowing, the difference of wrong and right  
All this anger my past seems to hold  
I saw bad things seemingly unfold  
Everything then was just so strife  
But now its time to live in the present time of life
