# 1 - Teen Titans and Lyoko

One day the teen titans heard there was trouble so they got in the t-ship. When they got there they saw part of the factory was on fire. So they put it out then Ulrich, Jeremy, Yumi, Odd and Alita came running out telling the titans "Oh my gosh thank you for saving our lives" they said Jeremy ran in as fast as he can "ah good it is fine" he said. "What is fine" starfire said. "Lyoko" Jeremy said it a computer place. "OOOOO what does this do" BB wondered "don't touch that!" the five shouted. Why, BB said "it's just a button"? "The reason you can't touch the button is because if you do you will let X.N.A.X.A out then he will wreck Lyoko and then Earth" explained Jeremy. "Oh no! A tower has been activated Yumi, Odd, Ulrich let's go!" "Jeremy it is X.A.N.A we can't fight him alone hurry think of something" said Aliita "we can help" suggested Robin. "Fine but only because X.N.A.X.A is too powerful". "Go in those scanners once you get scanned I will explain everything. ok titans go hurry they are almost out of life points" "Wow", it looks like we're in a video game! Hey Cyborg bet I can get a higher score than you" BB said. "Sure you will" said Cyborg in response. "Aww look at these little crabs" Starfire said Then Odd killed it. Why did you kill the crab said Starfire "Because it's part of X.N.A.X.A army" Odd said "Ohh" "Ummmm what is that big black blob in the sky?" said Raven. "Ahhhhh Jeremy what is that" said Ulrich. That is X.N.A.X.A" "Oh ok," "everyone attack" and everyone did. Look as star pointed to the sky it is dying. After Ulrich stuck a sword into X.N.A.X.A. it died.
