# 1 - Off To School

“Sonic! Wake up, you’re going to be late for school!” Amy shouted as Sonic threw his pillow back over his head.

“SONIC!” Amy screamed again, this time rampaging into Sonic’s room causing him to plummet to the ground.

“It’s time for school.” Amy repeated.

“I’m not going to school today.” Sonic said with a yawn.

“Oh yes you are! Get up and get ready, everyone’s waiting for you!” Amy repeated as she stormed out to get Sonic’s breakfast ready.

“Ugh, Amy’s so annoying!” Sonic frowned as he shook himself awake and went to have a wash. He came out of the bathroom and into the huge living room of Estherville Apartment to see all of his roomies eating breakfast on a large brown table prepared by Amy. A sad look spread across Sonic’s face when he didn’t see his brother, Manic helping Amy with the cooking or one of his best friends, Knuckles, sitting down and stuffing his face with marmalade toast. Manic and Knuckles had mysteriously disappeared towards the start of the school year and no one had ever seen them since. They were in Sonic’s group, “Romy” but now, Sonic and Shadow were the only one’s left. They were the “bad boys” who always got into trouble but Sonic and Shadow were finding it hard since Knuckles and Manic disappeared.

“Sit down Sonic, you’re porridge is getting cold!” Amy snapped.

“Porridge? But I wanted chilli dogs!” Sonic whined.

“Porridge or nothing!” Amy said with a sharp tone.

“Alright, porridge it is!” Sonic replied sitting down next to Tails and Wave to eat.

“Hey, have you heard any news of Knuckles or Manic yet?” Shadow called across the table to Sonic with a bowl of cereal in his hands.

“Unfortunately, no.” Sonic shouted back.

“NO SHOUTING AT THE TABLE!” Amy screamed to Sonic and Shadow who immediately looked away and sat quietly eating their breakfast. Suddenly, Vector marched into the room with his usual scruffy brown outfit and a mop in his hand.

“I’ve cleaned the bathroom after all of you filthy creatures have used it and now its spic and span!” Vector gleamed.

“Vector, don’t you think you should really be at school instead of cleaning the apartment all day?” Charmy asked cautiously as he punched the air with one of his usual kung fu tricks.

“Yeah, because your grades are like, totally going down, which is a bad thing you know, but it might be good to some people but who knows! I mean, I don’t know about you but wanting to be a janitor is so last season! I mean, everyone wants to be air boarders now like me and the rest of the crew! I mean, you can ride an air board right Vector? Vector? VECTOR!”

“Oh put a cork in it Jet!” Cream shouted at the hawk.

“Chao!” Cream’s sidekick, Cheese nodded. Suddenly, Rouge’s horrific, snorting laugh was heard across the whole room!

“That’s so funny!” Rouge snorted.

“Rouge, please! You’ll upset the garden!” Cosmo said quietly as she pointed to a squished up balcony full of potted plants and an apple tree and a small tennis court squished in the corner.

“If you don’t mind, me and Gamma are going to practice some tennis before we leave for school.”

Omega said as he walked off with Gamma behind him with their tennis rackets and tennis uniforms on. Espio stood up quietly and followed them out. No one except Bartleby, Espio's best friend, knew that Espio was nosy and that's why he is so quiet all the time. Espio was secretly going to spy on the robotic tennis players.

"I'm off early to do Pakour." Blaze said shortly as she got up and threw a rucksack over her shoulder.

"Blaze, you can't miss school again! What about your grades?" Silver asked astonished as he took off his reading glasses and looked up from his book.

"Watch me!" Blaze said as she picked up her air board, "Flame Lance" and rushed out of the apartment. Silver shook his head and replaced his reading glasses back onto his eyes and looked back at his book.

"Sonia, I seem to have misplaced my tickets! Can you help me find them?" Bartleby asked in a panic as he frantically rushed around the apartment trying to find his lunch tickets.

"Again?" Sonia asked as she paused "Jak and Daxter" and threw the controller on the floor to help Bartleby look for his lunch tickets. She lifted up his cereal bowl and held up 2 lunch tickets.

"Bartleby!" Sonia called.

"Yes?" Bartleby replied as he fell and did a forward roll right into the PS2, pulling out the plug and cancelling the unsaved game.

"Oh, now I remember! Thanks Sonia." Bartleby smiled as he took his tickets back.

"BARTLEBY! WHAT HAVE YOU DONE TO JAK AND DAXTER?" Sonia asked in a frantic hissy voice. Bartleby hesitated and then ran.

"Shouldn't we be getting ready to leave now? It's trampoline practice in gym today!" Storm grinned as he grabbed his rucksack and his air board, "Type-S" and rushed to the door.

"I'll leave when I'm ready! I'm still eating my breakfast!" Tails snapped at storm and went back to eating his muffin. Sonic's face fell as he heard the word "gym" and "breakfast". Knuckles had loved gym before he disappeared, even though he always forgot his gym kit leaving Amy to trail after him on her tattered motorbike to give it back to him and Manic would always be cooking in his spare time, especially at breakfast time.

"I've been kind enough to get everyone's bags in alphabetical order for you!" Wave said pointing to everyone's bags. Everyone mumbled a thanks and picked up their bags and air boards as Amy opened the door.

"Have a good day at school all of you!" Amy smiled at everyone.

"Wait for me!" Big called as he ran out of his animal sanctuary with his school bag.

"Big, you left school 5 years ago!" Cream pointed out.

"Oh yeah, I forgot! Come on Froggy." Big said to his best friend as he went back into his animal sanctuary. Everyone except Vector, who was washing the dishes, piled out of the door and rode on their way to school.

"They grow up so fast!" Amy smiled as she shut the door behind her to get back to her cooking.

## 2 - History Project

"Ugh, today's gonna be soooooo lame!" Sonic said as he walked down the corridor with Shadow.

"I know, I mean, World History Day? Give me a break!" Shadow replied as he rolled his eyes.

"Uh oh, Geoffrey at 8 O'clock!" Sonic gasped as a fox with red glasses and ginger hair skipped towards them. Geoffrey was known for being a nerd and he hangs around with Tails, Silver and Wave.

"Hello guys! Nice day isn't it?" Geoffrey asked Sonic and Shadow with a grin on his face. Shadow and Sonic looked at Geoffrey and then at each other.

"Ok, what is it this time?" Sonic asked after a minute.

"Something extraordinary!" Geoffrey replied with a slight jump.

"Will you get on with it already?" Shadow snapped.

"Sorry, um, yes, we get the day off school!" Geoffrey beamed. Sonic and Shadow's eyes widened and then they grabbed each other's hands and started jumping up and down chanting, "We miss school!" Over and over again but Geoffrey obviously hadn't finished.

"For a history project!" Geoffrey screamed happily as he grabbed Sonic and Shadow's hands and started to jump up and down with them but Sonic and Shadow weren't jumping anymore.

"What do you mean?" Shadow shouted as he pushed Geoffrey to the floor.

"I mean, we get a week off school to prepare a history project!" Geoffrey replied as he stood up and dusted himself off and then adjusted his huge, round glasses. Sonic and Shadow gritted their teeth and then walked back to the air board parking lot to get their air boards.

"Don't worry Sonic, we can get out of this! All we have to do is persuade Amy to not let us do them or get Geoffrey to do them for us!" Shadow grinned.

"You make this sound easy Shadow!" Sonic sighed. "I wish Knuckles and Manic were here!"

"I do too and we will find them! We can't be a duo forever, Romy was made for 4, not 2!" Shadow replied as he strapped his air-skates, "Darkness" on and Sonic jumped on to his air board, "Blue Star II".

"I know Shadow." Sonic replied half-heartedly. "Hey, why are you using Darkness? What happened to Black Shot?" Sonic asked as he realised Shadow was wearing his air-skates and not using his air board, "Black Shot".

"I'm getting Tails and Silver to repair it for me, one of the rebound coils fell off." Shadow replied.

"Oh, ok." Sonic said as he strapped his Gravity Stone to his wrist and Shadow did the same.

"Let's go!" Shadow screamed as they both raced off into the distance back home.

### 3 - New Students

Sonic and Shadow rode right into the house.

"SONIC! SHADOW! WHAT DO YOU THINK YOU ARE DOING RIDING THOSE FILTHY BOARDS AND SKATES INTO THE APARTMENT?!" Amy screamed.

"Messy, messy, messy! Look at these tyre tracks!" Vector said as he took out his grey cloth from his back pocket and poured on some cleaning fluid. Sonic and Shadow looked at each other and then backed out of the door to put their boards and skates away. Whilst outside, Sonic and Shadow had a little conversation.

"You ask Amy to do our projects first!" Sonic told Shadow.

"No way! You ask!" Shadow replied.

"No!" Sonic said as he folded his arms and turned his back on Shadow. "I'm the leader of Romy, that means you have to do what I say!"

"But....grrrrr." Shadow replied in a grumpy tone and stomped back into the house followed by Sonic who had a satisfied grin on his face.

"Amy, we need you to do our projects!" Shadow said very fast.

"NO!" Amy shouted. "Do them yourselves"! Shadow and Sonic's faces fell. Amy was just about to start a lecture when suddenly, the two "Cheaper By The Dozen" tennis robots walked into the room.

"I won!" They said at the same time.

"What do you mean you won? I won fair and square!" Gamma screamed.

"What do you mean? Your red! That means you lose!" Omega replied.

"What? But you're red too!" Gamma pointed out.

"Yes, but you have a scratch on your arm so that makes you look different! Your black and red too so you lose anyway!"

"But you're..." Gamma started but Amy butted in.

"Well, maybe you would know who won if you actually bothered to write down the scores once in a while!" Amy quietly spoke, trying not to get mad.

"Thanks Amy!" The robots chanted as they each grabbed some paper and ran out into the balcony, knocking over one of Cosmo's prized plants and setting their tennis court up.

"Oh no! No one has ever knocked over Cosmo's flowers, especially her prized ones and got away with it! If she finds out she'll kill you!" Sonic said, trying to fix the snapped stem back together with glue and paperclips. Shadow quietly tried to walk off when suddenly, Amy turned round.

"Don't think your getting out of your project that easily!" Amy snapped with her hands on her hips when suddenly the doorbell rang. "We'll talk about this later!" Amy said through gritted teeth as she went to answer the door. Sonic and Shadow quickly started to run up the stairs when suddenly Amy called them again.

"Oh no, looks like were in for it!" Sonic squealed.

"Sonic, Shadow, your friend Geoffrey's here!" Amy shouted. Sonic and Shadow looked at each other.

"Oh no!" They chorused as they quickly tried to rush to their rooms again but Amy shouted again. They slowly stomped down the stairs to see Geoffrey grinning on the doorstep.

"I'll leave you boys alone." Amy said as she walked back to the kitchen.

"Geoffrey, if you're here to annoy us then no point. Were already as annoyed as we can get!" Shadow grumpily said as Sonic nodded.

"Hello you two! Fancy being study partners?" Geoffrey suggested.

"No!" Sonic and Shadow screamed at the same time.

"Oh by the way, there's two new students in our class! They look oddly familiar, a lot like you two!"

Geoffrey beamed pointing at Sonic and Shadow.

"We'll be your study partners! Tell us everything you know!" Sonic instantly said.

"Excuse us for a second." Shadow gave a fake smile at Geoffrey as he pulled Sonic to the chairs. "You know, maybe having a freaky genius as a study partner might not be so bad!" Shadow said. Sonic didn't look convinced. "I mean, we can sneak into the school and hack into the computer mainframe and find out where Knuckles and Manic are!" He grinned.

"Shadow, do you even know what a mainframe is?" Sonic asked.

"No! Shadow replied. "But anyway, pretty good plan huh?"

"Shadow, what in our life together makes you think that were smart enough to sneak into school? But still, genius! Let's go for it!" Sonic grinned as they walked back to Geoffrey.

"Like we said, we'll be your study partners on one condition." Shadow nodded.

"We left our homework on the, uh, the computer, um, main-framage! We need you to hack in and get it for us!" Sonic grinned.

"Do you mean mainframe?" Geoffrey suggested.

"That's the one!" Sonic screamed happily.

"You guys can do that yourself because I need to get my "Dorothy Angus Guide To Being A Great Study Partner" book!" Geoffrey grinned whilst skipping off.

"Great!" Shadow said sarcastically, "Now we'll have to do it ourselves!"

"And how do you moorose we do that?" Sonic asked through slanted eyes and folded arms.

"You mean propose, right?" Shadow suggested raising an eyebrow.

"That's the one!" Sonic grinned.

"I have no idea." Shadow said with his eyes closed and arms folded. "Wait! I have it! We'll ask Geoffrey to do it!"

"Wait a minute." Sonic said "Didn't we just ask Geoffrey?"

"No!" Shadow shouted. "Are you insulting my memory?" Shadow had obviously remembered but he was too proud to admit it. "What about the robots then?" Shadow suggested.

"Too tennisy!" Sonic replied.

"Then what about Amy!" Shadow asked.

"Too mumsy" Sonic said.

"Well if you're so smart, you decide then!" Shadow shouted.

"Hmmm, I know! Geoffrey!" Sonic beamed.

"Were right back to where we started." Shadow sighed. "We'll just have to do it ourselves!"

Later that night:

Shadow and Sonic skidded off their air boards and quickly threw them onto a huge pile of mud, whispering to each other about their plot whilst struggling to climb up the school gate. They weren't smart enough to realise that they could have just flown over with their air boards but, boys will boys! They finally got over, crashing through the window completely forgetting about the security cameras.

"This way, to the ICT room!" Sonic gestured to the right.

"No! This way to the bathroom!" Shadow gestured to the left.

"Why do we need to go to the bathroom?" Sonic pondered.

"So I can comb my spines! Duh!" Shadow shouted.

"Me too!" Sonic gasped realising that his spines were sticking up. After giving their spines a nice comb,

they ran, knocking lots of things over, to the ICT room.

“How are we going to get in?” Shadow asked.

“This way!” Sonic replied, picking Shadow up and throwing him at a tiny window at the top of the door. It smashed into pieces and Sonic ran towards the door.

“Now what?” Shadow asked from the opposite side.

“Use Chaos Spear, and make a hole in the door so I can get through!” Sonic told him.

“But there’s a key in the door!” Shadow pointed out.

“NOOOOOOOOOOOOOOOOOOO! I won’t have any of it!” Sonic screamed. “Use Chaos Spear! NOW!”

“Ok, ok! No need to get all huffy!” Shadow snorted. “Chaos...Swiss Roll!” Shadow shouted while a Swiss roll appeared in his hand,

“What?” Sonic asked as he heard Shadow eating something from the other side of the room.

“Ah, it’s delicious!” Shadow said.

“JUST OPEN THE DOOR!” Sonic shouted.

“Ok, ok! Sheesh! Chaos Spear!” Shadow shouted as the door bulged but didn’t quite open.

“Shadow?” Sonic asked.

“AHHHH, IT BURNS!” Shadow screamed whilst running around as he got hit by the spear. He was running around so much, that he bashed into the door and it fell right off.

“At last!” Sonic said relieved. They logged into a computer. They broke it. They logged into another computer. They broke that one too. After logging into twenty computers, they finally managed to hack into the system!

“It says that there is a secret room somewhere in the school!” Sonic read through wide eyes.

“Well, where is it?” Shadow asked impatiently.

“It says that...” Sonic started before the computer started to shut down. The two hedgehogs panicked.

“Quick, I’ll get some water to clean the system with!” Shadow screamed as he threw a bucket of water over the computer. The screen went blank, and the computer shut down for good. Sonic and Shadow, now knowing that there was a secret room somewhere in the school, Sonic suggested that they split up to look for it. Shadow nodded as he started to run towards the bathroom.

“Why are you going to the bathroom?” Sonic asked.

“Gotta go, gotta go, gotta go!” Shadow screamed as he ran into a cubical and locked the door. Sonic rolled his eyes and waited for Shadow to come out. Suddenly, horror struck Sonic! Shadow had entered the out of order toilet!

“NOOOOOOOOOOOOOOOOOOOOO” Sonic screamed as Shadow flushed the toilet. Just then, a small stone fell out of the back wall. Then a larger stone, then a brick, and finally, the whole wall! “You’ve done it this time!” Sonic panicked as he slapped his forehead.

“Wait!” Shadow said. “I think that’s the secret passage!” Sonic gasped and after a while said,

“Let’s come back tomorrow!” Sonic suggested. They both walked out of the bathroom, leaving the secret passageway wide open.

Next day, Sonic and Shadow walked into the school when the head teacher, Mr. Wenselby, told the school some news that caught Sonic and Shadow’s eye. Mr. Wenselby called everyone into the school hall and displayed a familiar video to the whole school. Two students ran up and down the corridors, smashing things up and then walked into the bathroom to do their spines. After that, they crashed through the corridors once again and then stopped in front of the ICT room. One of them picked the other one up and threw him into the window and then the other broke the door down. After that, the two shady characters broke over twenty computers and then went back to the bathroom, using the out of order toilet and then it cut off.

“We believe that the thief had thrown a giant missile at the door to break it!” Mr. Wenselby said. All the

students laughed and Sonic and Shadow warily looked at each other. After a while Sonic said, "There was a chilli dog on the desk!"

"I know! I can't believe we didn't see that before!" Shadow gasped. Suddenly, Sonic remembered about what Geoffrey had said. There were two new students that looked oddly like himself and Shadow. "Hey Shadow, you think the new students that look like us will be in our class?" Sonic asked.

"No, if I can remember correctly, new students always start two years lower than they should when they start school!" Shadow grinned.

"Are you sure?" Sonic asked.

"Yes! Are you insulting my memory?" Shadow screamed.

"No, no, sheesh!" Sonic replied as he rolled his eyes. After that, a bell rang and all the students left the hall and walked to their classrooms. After a moment, two new students walked into the room. One was a light blue hedgehog with long spines and a yellow dress with black and green shoes and a feather clip on the side of her head. The other was a black hedgehog with spines and a pony tail and red streaks on her spines, ear tips, arms, legs, under-tail and going down her head and pony tail. She had a blue dress on with a pink bandana around her neck and red and white shoes on. Ms Wiggums, their class teacher walked into the room and stood beside the students.

"Good morning class." Ms Wiggums started. "These are the two new students, Liv and Gina who will be joining our class." She said pointing to the blue hedgehog, who was Liv and the black and red hedgehog who was Gina. Sonic and Shadow's eyes widened as they saw them. Shadow had a flashback of him many years ago. He was in a large room with machines everywhere and another hedgehog was sitting in front of him. Shadow's eyes turned to slits as he eyed the hedgehog in front of him. Suddenly she grinned and placed her hand on the board in front of them both.

"Check mate!" She screamed as she jumped up from the chess board, cheering for herself. Shadow gritted his teeth and then kicked the chess board across the room and walked out of the door. After that, the flash back ended.

"What was all that about?" Shadow asked himself. "Who was that, and why did that memory come up just now?"

After that, Sonic had a flashback. He was much younger, practically about five years old and he was playing with a male hedgehog and two female hedgehogs. He identified the male as Manic and one of the females as Sonia but he hadn't got a clue who the other one was. Suddenly, his mother, Queen Aleena walked into the room and brought them cookies.

"Play nicely now, and Sonic." She said as he looked up at her. "Look after your little sister, it's not everyday you get a little sister to look after." She said as she walked out of the door. Sonic looked at the other three hedgehogs and then stopped on the one that he couldn't identify. After that, the flashback finished.

"What the heck was that about?" Sonic asked himself. He just shrugged it off and leaned back on his chair to notice the two new students sitting behind him. He was so shocked, that he fell backwards and the whole class started laughing at him. It didn't really bother Sonic as he pulled his chair back up because he was too busy thinking about who the two new students were.

## 4 - Sneaking Into School

Later that day, Sonic and Shadow were sitting at their usual spot in the lunch room when the two students walked in. They both took out a neatly packed tin lunchbox whilst Sonic and Shadow took out two dirty, unhygienic boxes. The new students took out a neatly wrapped sandwich each whilst Sonic and Shadow took out 5 sandwiches each, neatly packed by Amy, but as they took off the foil, the sandwiches literally fell apart. As they both ate their sandwiches, Sonic kept staring at the blue hedgehog. He was sure that he'd met her before but where? Shadow had his eye on the black and red hedgehog. He thought the same as Sonic. The female blue hedgehog was taking absolutely no notice of Sonic but had her eyes on Shadow. The female black and red hedgehog had her eyes on Sonic but was paying no attention to Shadow. Suddenly Sonic pulled Shadow into the corner to form a "Romy meeting".

"Haven't you seen them somewhere before?" Sonic asked. Shadow wasn't paying any attention to Sonic, he was paying too much attention to his Swiss roll and a few seconds later, received a slap round the head. Suddenly, Sonic saw the black and red female hedgehog wink at him. Sonic lit up but he then saw the two girls whispering. Later that day, Sonic received a message from Espio that the blue hedgehog had dared the black and red hedgehog to wink at him. Sonic's face fell but he wasn't about to give up! Once again, Sonic pulled Shadow into the corner to form a "Romy meeting".

"I know this sounds crazy but I think I like her!" Sonic grinned.

"What is wrong with you man!?" Shadow screamed.

"You like the blue one don't you?" Sonic asked.

"Yeah, pretty much. Why?" Shadow replied.

"Because maybe now we don't have to be so careful around Cosmo's plants! We can even use them as targets in our football games!" Sonic grinned. "You got the plans for the football flower pitch I gave you two months back?" Sonic asked. Shadow didn't remember receiving any type of documentation from Sonic two months ago. "You don't remember where you put them, do you?"

"Yes I do, are you insulting my memory?"

"No! Any news about the main framage?" Sonic asked.

"Do you mean mainframe?" Shadow suggested raising an eyebrow.

"Yes that's the one!" Sonic screamed.

"No." Shadow said faintly. Shadow suggested that they hacked into the mainframe that night to find out about the two new students and also to see the secret passage.

(That night)

"Owww stop kicking my eye!"

"It's not my fault, why don't you try standing on my back!?" The two hedgehogs argued as they tried to climb the gate. Just then, Shadow's mobile started ringing.

"One minute, got to take this!" Shadow said as he quickly jumped off Sonic's back and ran into the corner. "Hello?"

"Sonic! Where have you been?" A squeaky voice asked.

"Amy, this isn't Sonic, it's Shadow." Shadow replied bluntly.

"Shadow, where's Sonic? And more importantly, where are you?" Amy screamed down the line.

"I'm uh, picking up some, uh, groceries!" Shadow replied quickly.

"But all the shops are closed Shadow! You better not be in trouble!"

"No, don't worry, I'm not!" Shadow replied as he quickly hung up. "Phew."

"Yeah, just take all night! Come on Shadow!" Sonic shouted across the school yard.

"Uh yeah, coming Sonic!" Shadow grinned as he ran back towards Sonic. "Oh and just for the record, Amy knows were gone." Shadow replied. Sonic quickly started to dig a hole by the gate. "What are you doing?" Shadow whispered.

"Just digging a hole so we can get into the school! Foxes do it!" Sonic replied.

"But were not foxes." Shadow replied through gritted teeth.

"Oh yeah." Sonic's head fell. "Let's get Geoffrey to do it then!" Sonic grinned. Shadow eyed Sonic.

"Or not." Sonic said.

"You do realize that if we did dig a hole in the ground, we'd still have to get to the other side!" Shadow said.

"...Yes!" Replied Sonic folding his arms and sticking his nose into the air.

"I know!" Squeaked Shadow in a voice that sounded just like Amy's. "We can invent...A time machine! And use it to travel into the future and get inside from there!"

"Genius!" Sonic grinned. They then realized that this would take far too long.

5 Minutes passed

"So how are we gonna get in?" Shadow asked curiously.

"This way!" Sonic said bashing Shadow's head against the fence. Nothing happened though except Shadow chasing Sonic around with a mad expression on his face, waving his fist.

"Strange, that normally works!" Said Sonic.

"I know, we'll open the gate!" Shadow screamed again, in a voice that sounded like Amy's. The two hedgehogs walked over to the gate and gently pushed it open. The latch fell off and the gate opened nicely.

"Well come on then!" Sonic yelled as he picked up a rock and threw it smack at the glass doors. They shattered, leaving an open pathway for them to walk in. Shadow immediately started running to the ICT room.

"Come on Sonic!" He said, waving his hand for Sonic to follow him but Sonic was not there. All that was left of him was some dirty footprints leading to the bathroom.

"This is my time to be a lone hero!" Shadow said proudly as he held his head up high and slowly walked into the ICT room, clumsily tripping by the door and causing it to slam tight, locking him inside the ICT room. "Uh oh. What do I do now? Ah yes, the computers!"

Meanwhile

"Do do do do do dooooo!" Sonic sang whilst combing his spines. "Whoops!" Sonic gasped as he realized that a quill was out of place. He quickly brushed it back. "There." He grinned, placing the comb down and admiring his newly-brushed quills in the mirror. "Hey, where's Shadow?" Sonic said, secretly not caring. "I'd better go and get the big idiot out of trouble!" He grinned feeling proud, not realizing that he was as dumb as Shadow. He walked towards the ICT room and caught a glimpse of Shadow running into it, attempting to knock it down but horribly failing. Sonic opened the lock after a long period of thinking. Unfortunately the door whacked Sonic in the face, causing him to fall on the floor backwards and his vision to go blurry.

"Sooooonic!" A delicate voice said. Sonic looked up as his vision went back to normal to see Gina staring down at him. "Are you alright?" She asked gently.

"Yeah." Sonic said but then changed it to sound as if he was in pain, placing his hand on his head. "If you could just rub my head a little and a kiss would really help too!" As the hedgehog lifted her hand above Sonic's head, he was expecting a nice stroke but instead received a hard slap across the head. Suddenly his vision went back to normal and he saw Shadow leaning over him instead with an angry

expression spread across his face.

“WHY IN THE WORLD WOULD I KISS YOU?” He screamed, hitting Sonic across the head once again. Sonic shook his head and quickly got up. “And anyway, you know could have got out of there by myself!” Shadow pointed out untruthfully. “Anyway, I checked all the computers but just remembered that we broke them all!”

“Oh, right.” Sonic replied glumly. “We can just use the one in Mr. Wenselby’s office!”

“Genius!” grinned Shadow whilst running off, Sonic trailing behind him. They plonked themselves down on his chair and pressed the “on” button 5 times each in an attempt to turn it on faster. It slowly came on and they hacked into the school ID system, a trick taught to them by Manic.

“This dudes so old fashioned, this computers Windows 98!” Shadow laughed. They opened up 2 windows and typed in the two students names. They quickly printed out the two sheets, not even bothering to read them and then ran off to the exit.

“Wait, were forgetting something! We have to check out the secret passage!” Sonic pointed out. The two boys walked to the bathroom and flushed the out of order toilet, causing the wall to fall off again (Which had been repaired overnight, meaning the cement was still wet) and they slowly walked down the dark corridor.

“Hey Sonic, this is kinda scary huh?” Shadow stuttered.

“Nah, you big wimp!” Sonic laughed. Suddenly, a mouse ran across the floor. “AH, RAT!” screeched Shadow at the top of his voice, jumping on top of Sonic causing them both to fall to the ground. “RUN!” he screamed as the two boys ran straight out of the secret passage, through the shattered glass doors and straight out of the school grounds, shrieking like little school girls all the way home.

## 5 - Shadow's Pizza Express

### At Home

Sonic and Shadow were in Sonic's room (The most hygienic of the two hedgehog's rooms which wasn't covered with left over pizza and cans of coke) Spread across Sonic's bed reading the info they had printed on Gina and Liv. Sonic was obviously reading the information on Gina and Shadow was reading the information on Liv. After half an hour the hedgehog's swapped the papers around.

"Hey, check this out!" Said Sonic. "Liv's scared of the dark!" he said bursting out with laughter.

"Shut up!" Shadow shrieked. "Well guess what? Gina's scared of spiders!" Shadow replied trying to think of a better comeback but failing miserably. They then pounced on each other, locked in a fist fight screaming bad things about Gina and Liv, Sonic defending Gina and Shadow defending Liv. Suddenly, Sonic's face dropped. "What, what is it?" Shadow asked suddenly. "I was enjoying beating you up!" But Sonic wasn't laughing. "It says here that Liv used to have three older siblings, two boys and one girl who were triplets.

"...So?" Shadow shrugged after two minutes. Suddenly, Sonic had another flashback. He pictured himself, Manic and Sonia playing together and his mother walking in holding a newly born blue hedgehog.

"Sonic, Manic, Sonia, meet your baby sister, Liv!" She smiled warmly. Sonic gazed down at the young hedgehog and identified her as Liv but then the flashback ended. Suddenly Sonic collapsed off the bed.

"Oh my gosh, I'm related to that annoying brat, Liv!" He shrieked. "She's my younger sister!"

"Hey, what's so bad about her? You've barley talked to her! In fact, you haven't!" Shadow pointed out, defending her but Sonic wasn't paying attention.

"It's all coming back to me know, how she always got her own way, how she always blamed me for messes!" Just then, Shadow also had a flashback. He was very young and standing with his friend Maria staring at a huge test tube containing a female hedgehog in it. Dr Gerald, Shadow's creator pressed a button and smoke appeared in the test tube as it opened up.

"Shadow, meet Gina, your sister!" Dr Gerald grinned and then the flashback ended.

"AHHHHH!" Shadow screamed as he too fell off the bed and started squirming on the floor like an idiot.

"Why me? That imbecile is my sister!" Sonic stopped screaming and turned towards Shadow causing him to stop squirming. Deep down, they both cared greatly about their sisters and both wanted to protect them. Sonic was scared that Shadow wouldn't treat Liv properly if she went out with him and the same went for Shadow and Gina.

"LEAVE MY SISTER ALONE!" They both shouted at the same time, eyeing each other angrily causing Amy to fiercely burst in.

"IT'S 3AM, YOU JUST WOKE EVERYONE UP! AND WHY AREN'T YOU IN BED SHADOW?" She squealed. Luckily, she didn't notice the two pieces of paper containing the information. Shadow miserably trailed back to his room, throwing all the clothes and coke cans off his bed to make room to get some sleep.

### Next Day

Thankfully, it was the weekend. Sonic and Shadow woke up, 2PM as usual and went downstairs to watch TV. It was proving difficult though since Charmy was flying around the room singing his theme song.

"He fights in a vest, that covers up his chest, here comes Charmy to the rescue!" He sang, doing karate

chops in all over the room, regularly flying past the TV getting in Sonic and Shadow's way.

"What do we do now?" Sonic asked.

"Charmy, there's a ninja outside that's looking for a fight!" Shadow sighed.

"Ooh, a ninja! My time to shine!" Charmy shrieked as he quickly flew outside.

"Good, now we can watch Johnny Test again!" Shadow grinned.

After Johnny Test, the two hedgehogs went to work at "Shadow's Pizza Express" to do their 20 minutes shift. Shadow was once the boss but got demoted by Boss Budson to coat hanger. Sonic was the very much loved waiter, whom girls were always fluttering over him and boys were always saying how cool he was. Shadow on the other hand was just a coat hanger and seemed like a piece of wood to everyone, until now. Whilst doing their shift, 2 hedgehogs walked in. Shadow's eyes widened.

"Hey Sonic, look at that table." Shadow said, pointing to the table where they had sat down.

"Yeah, I'm looking at the table, what about it?" Sonic said who was in fact looking at the actual table.

"Ok now look at the people sitting at the table."

"Ooooh!" Sonic grinned seeing that it was in fact Gina sitting at the table but then frowned when he saw Liv sitting next to her. He was just about to go and take their order when Shadow put his arm in front of him.

"I've got this one." He said, walking towards the table.

"Oh no you haven't!" Sonic said as he sped past him and right to the table.

"And what can I do for a hot girl?" He asked staring at Gina. He then turned towards Liv, frowning and added "And her pet dog." Liv scrunched her face up but Shadow came to save the day.

"I think he got that the wrong way around!" He said looking towards Liv.

"No no, it's definitely the right way round!" Sonic replied.

"Shadow, what are you doing here? You're supposed to be taking coats!" Boss Budson squealed in his Texas accent as he walked over to Shadow. Shadow growled and stomped back to the coats hangers. As he turned around, he received a small wink from Liv which made him leap up with joy and happily grab people's coats for the rest of his shift.

## 6 - Sonic's Zit Problems

"Ewww, you want me to squeeze it?" Shadow asked the next morning as Sonic stared horrifically into the mirror, a huge zit placed right in the middle of his forehead.

"No, how am I gonna ask her to the dance with this thing on my head?" Sonic fretted. A letter had been sent to all students about a school dance occurring on the day everyone returned to school after finishing their history projects. The wondrous week off had finally begun since, they didn't have to go in for the whole of next week!

"So you do want me to squeeze it?" Shadow asked.

"NOOOOO! I'll just cover it up, with, this, uh, Amy's hat!" Sonic grinned as he picked it up. Shadow gave Sonic a weird look.

"Sonic, it's pink with flowers all over it!" He pointed out.

"So, we'll just have to give it a makeover as girls say!" Sonic replied. "Genius, as usual!" Sonic and Shadow spent the rest of the evening preparing Sonic's "Zit Relief" hat. After 2 long hours of busy work, it was finally finished.

"So, what do you think?" Shadow asked.

"Shadow, all we did was stick more flowers on it and dye it a darker pink! That's even girlier than how Amy made it!" Sonic yelled.

"Ok, no problem, we'll just pick you up a top hat from the store."

"Shadow, are you really are dumb as Amy describes you on the phone to her friends? The shops are all closed and the school dance is in a week!" Sonic shouted.

"...Amy says your dumb too!" Shadow replied after about a minute.

"What ever, this zit is proving a problem!" Sonic said, trying to keep himself under control.

"Sonic! I noticed that big zit on your head when you were eating breakfast so I got you some zit cream." Amy smiled as she burst into the room and threw the cream on Sonic's bed.

"Finally, I'm saved!" Sonic smiled as he took the tube and squeezed the whole thing over his head.

"Uh Sonic, I don't think that's how you do it." Shadow commented.

"Yes it is!" Sonic yelled and threw the tube to the bin, missing it by a mile. "I'll be better in no time!"

"Anyway, now that your zit's taken care of, we have to think about our tuxes!" Shadow pointed out.

"Oh yeah, your right, We'll do it tomorrow." Sonic said hopefully.

"Fine." Shadow replied.

Next Day:

It was the first day of the school's week off for the history projects but history was the last thing on the hedgehog's minds. Of course it was 2PM as the boys slowly slumped downstairs to eat "Breakfast" which was really lunch now. As they got downstairs, they saw all of their roommates sitting on the large brown table eating their lunch. Of course, Amy had left Sonic a bowl of porridge and Shadow a bowl of Coco Pops on the table from breakfast.

"Where's Amy?" Sonic asked as he scanned the room but found no sign of the pink hedgehog.

"She is out shopping, didn't you hear her?" Tails yelled across the room, slamming his history project on the table in frustration. He was sitting at a small circular table with Wave, Silver and Geoffrey, the regular study group and they were all preparing their history projects.

“Yes, have a little dignity Sonic, honestly, it’s monstrous!” Silver said as he took his glasses off his nose and wiped them with a rectangular cloth. Shadow wasn’t exactly hearing any of this, he was falling asleep from the lecture he was getting from the “Nerds” as he liked to call them. Shadow pictured himself and Liv dancing in a field of roses, his true wish but he wasn’t expecting to receive a large whack around the head from Tails’ reading book.

“Hey, what did you do that for?” Shadow yelled with clenched fists.

“WELL IF YOU WERE LISTENING, YOU MIGHT HAVE HEARD ME!” Tails screeched at the top of his lungs. Shadow grumbled under his breath and walked away to eat his Coco Pops. Suddenly, a horrific scream was heard by Sonic.

“AHHHH, MY ZITS EVEN BIGGER THAN YESTERDAY!” He screamed in agony.

“I told you that wasn’t the way to put it on.” Shadow said proudly. “You used it all over your spines and not a drop actually went on your zit!”

“I’m almost certain it did! Now where’s that tube?” Sonic asked, rummaging around on the floor.

“Look, it doesn’t matter now!” Shadow said through gritted teeth. Suddenly, Sonic and Shadow had realized that everyone had left the table to go and either study or do their history projects.

“Do you think we should do ours too?” Sonic asked.

“No way man, what’s gotten into you!” Shadow replied.

“It’s just that, Manic might have wanted to, you know?” Sonic said with watery eyes. Shadow rolled his eyes and then an idea sprouted in his mind.

“Hey Geoffrey, how do you feel about doing our history projects for us?” Shadow asked.

“As much as I enjoy doing history projects, Amy has forbidden me from helping you!” Geoffrey replied chuckling a little.

“And that is funny because?” Shadow asked sarcastically.

“Doesn’t matter!” Geoffrey grinned.

“Uh, I’ve always found something freaky about that boy!” Shadow shuddered as he and Sonic began to walk the opposite way.

“What do you find freaky about him, the way he has pointy teeth or his weird smile?” Sonic asked.

“Ummm, both?” Shadow replied helplessly. At that moment, Amy ran through the front door and grabbed her pink purse of the kitchen table.

“Sorry, forgot my purse! I’m going to do some grocery shopping because your all such pigs! I’m taking my motorbike that you say is tattered with me so I won’t be back until supper.” Amy explained. “Do you think you could watch the, you know, the, kinda, dangerous ones?” Amy asked turning towards Vector. She moved closer to him and whispered something in his ear. “You know, like Blaze and Cosmo? I hear Cosmo’s having a hard time at the moment, trying to buy someone else’s house to grow flowers in.”

“What’s in it for me?” Vector asked. Moments later, he received a slap across his face.

“You will be helping your friends! The reward is happiness! I’ll take that as a yes, I’ll be back by supper.” Amy screamed before slamming the door. Vector just blinked in shock and returned to mopping the floor. Of course, moments later Blaze had snuck out of the house through the window and was already soaring across roofs. Cosmo was sitting at a desk counting up money from a piggybank covered in flowers.

“Just a bit more and then I can buy the flower mansion!” Cosmo said to herself. “Only \$100, 000 to go!” Meanwhile, Sonic and Shadow were sitting down attempting to eat their breakfast.

“I’d rather eat a Hoover!” Shadow complained as he poked his soggy Coco Pops with his finger.

“Well I’m not exactly having a cup of tea over here!” Sonic commented as he spooned up some porridge and put it next to his face, sniffing it. He moved it away in disgust and shoved the spoon back into the bowl but unfortunately, he did it harshly and the spoonful of porridge flew into his face.

“Forget it, I’m getting some real food!” Shadow fumbled as he threw the Coco Pops to the floor. Vector

gasped and ran over, taking the cloth out of his back pocket and wiping it up.

"Perfect, you made a distraction! Let's go for Amy's stash!" Sonic grinned before jumping out of his chair.

"WAIT!" Vector screamed as he leaned up.

"Oh no, he's onto us!" Shadow whispered to Sonic.

"...You forgot to wipe your feet!" Vector pointed out whilst pointing to a small doormat that read "Home sweet Home" on it. Sonic and Shadow looked at each other and then quickly ran over to wipe their feet. Vector merely nodded and got back to wiping the carpet. "Teenager germs!" He sighed.

"Come on!" Shadow said whilst pointing to a large chocolate cake filled with a total of 8000 calories in each slice and of course, Sonic and Shadow would have at least five slices each! After finishing their chocolate cake and putting 5 stones on each, they decided to go their separate ways. Sonic went to the bathroom to do his quills whilst Shadow went to his room and decided it was time to clean it up.

"Uh, my room is so dirty! I guess it's ok but just to be on the safe side, I'd better pour this coke all over my bed." He said whilst taking the coke bottle in his hand and emptying its contents on his bed sheets.

In the shops:

"La la la la la la la!" Amy sung loudly whilst gathering around 12 cans of mushy tinned peas into a shopping trolley. She was just about to make her way to the counter but she spotted something that she knew Sonic would love! "Wow, oatmeal and porridge mixed? Now he doesn't have to wait two days in a row to have each of them!" She said gleefully as she picked up 10 boxes and put them in with her mushy peas. Just as Amy was making her way out from the shopping centre, she noticed a familiar figure standing on the roof of the shop. Amy's eyes widened with shock and anger.

"Blaze, you get down from there this instant!" Amy yelled but Blaze took no notice and leapt from the roof, aiming for a small hut around 3 meters away. Amy almost fainted as Blaze landed on the hut, almost falling off but she made it. Suddenly, a tiny shape jumped after her. "CHARMY!" Amy screamed as the bee tried to jump as far as Blaze had done but he failed miserably and plummeted down into Amy's shopping basket, squishing all of her products, making her mushy Pease even mushier. Charmy poked his head out of the trolley and grinned at Amy who in turn, fainted.

Back at home:

Sonic and Shadow were sitting on a sofa discussing the school prom when they heard the door burst open. The both turned around to see Amy standing in the doorway, Charmy and Blaze at each side of her. Charmy had a scared expression on his face but Blaze had her arms folded with a scowl on her face. Amy looked like she had gone for a swim in a river on the way home and was gripping the bee and the cat by their ears and antenna as she dragged them inside. Vector came rushing over to her and followed behind the three with a mop cleaning up a long trail of mud that led behind them. Shadow looked confused but Sonic just looked plain mad, he had just been interrupted in the greatest bit of Toy Story 2 where Woody saved Wheezy from the yard sale. Just then, Shadow gave Sonic the signal and they snuck upstairs before Amy had the chance to start yelling at them for not brushing their teeth.

"So, when are you gonna make your move Sonic?" Shadow asked.

"Ah you know, when I feel relaxed enough!" Sonic replied. "Oh and by the way, what move on who?"

"On Gina of course!" Shadow accidentally yelled at the top of his voice.

"Ooooooh!" Sonic replied. "Well what about you my friend? When are you gonna make your move?"

"I plan to do the same as you!" Shadow muttered.

"Whatever." Sonic sighed. Suddenly, there was a horrific snort heard from outside Sonic's door.

“oh no, there’s only one person who can snore that badly!” Shadow sighed.

“ROUGE!’ The two said simultaneously. At that moment Rouge burst through the door.

“I can’t believe you like...wait...who do you like again? Oh man, I’ve forgotten!” She screamed.

“Anyway, I’m smart and I’m going to study for the history report, with the smart people! What are you losers doing all day?”

“Sitting in bed, watching Toy Story and drinking coke!” Sonic grinned.

”Whatever! Losers.” Rouge replied.

“Whatever, don’t get hit by a bus! I mean, do get his by a bus! Whatever...” Shadow retorted.

## 7 - Getting Their Tuxes

The third day had sprung and Sonic and Shadow still hadn't managed to start their History reports. As usual, they were slumping downstairs at 2PM to eat their left out breakfast. Amy had left out a bowl of Special K for Shadow and a bowl of porridge-oatmeal mix for Sonic.

"I don't believe it...s-special-k! Doesn't that have like, two calories in it or something?" Shadow muttered. Sonic picked the box up.

"One." He replied shortly.

"How am I supposed to start my day fresh unless I have at least a 500 calorie breakfast?!" Shadow fretted.

"Well look at the Brightside, at least you don't have a porridge AND oatmeal mix!" Sonic sighed. At that moment Vector plunged through the door.

"Sonic, Shadow, I've got great news, were going fishing!" He gleamed. The two hedgehogs looked blankly at each other.

"But it's Walt Disney Wednesday!" Shadow replied with a horrified look on his face.

"Yeah! We've got it all planned out! We start off with Monster's Inc. followed by Mulan AND Mulan 2 then we swing through the trees with Tarzan and then..."

"Yeah yeah, I get it." Vector replied downheartedly. Just then, the Monster's Inc. opening was heard so Sonic and Shadow ran to the television. Vector followed them and picked up the remote. Standing behind the chair that Sonic and Shadow were sitting on, he pressed the off button. Sonic and Shadow screamed until Vector hit them across the head with a mop

"WHAT WAS THAT FOR!?" Sonic and Shadow both yelled simultaneously.

"That was for being lazy! Now were going fishing!" Vector grinned. "And I said Big could come too, he wants some friends for Froggy plus some injured animals for him to tend to." Sonic and Shadow shot a horrified glance at one another but before they knew it, Vector had manhandled them into the back of the car and was already driving off, Big plonked in the seat next to him. Of course, both being immature, Sonic and Shadow both started screeching and whacking the windows attempting to escape from the car.

At the fishing spot:

Big immediately leaped (which was a big step for Big!) out of the car and ran to the nearest fishing spot, Froggy hopping behind him. Sonic and Shadow were still in the car, petrified from the horrific smell of pondweed.

"Well aren't you coming?" Vector asked, jumping out of the car, his fishing gear in one hand and a hat placed on his head, a fishing hat to be exact.

"No." Shadow replied whilst Sonic shook his head.

"Duh!" Sonic mumbled. Vector just shrugged and rushed off to where Big was fishing.

"Hey I know something better we can do Sonic." Shadow whispered whilst Sonic leant closer to him.

"We can sneak out! Go and get our tuxes and maybe even a top hat! Go watch a Disney movie, ya know, the usual. And I'm sure Walt Disney Wednesday isn't finished!"

"That does sound like fun Shadow my friend!" Sonic grinned. "Let's go!"

"So how do we get back?" Shadow pondered.

"Easy! We could take a bus and we'd get home around the part of Monster's Inc. where that big guy, what's his name, Muzzy?"

"Sulley." Shadow replied with an angry expression.

"Right, when Sulley thinks Boo's been killed by the garbage thing, that's near to the end of the film. On the other hand, we could just run back and we'd get there in time to catch the opening sequence."

Sonic pointed out. Shadow cocked his head to one side.

"So the best thing to do would be..."

"Oh wait, I got this! The best thing to do would be to take a bus!" Sonic grinned whilst Shadow nodded in approval.

"Bus it is!"

At the tux shop:

"So, what do you think of this one?" Sonic asked as he stepped out of the changing rooms sporting a luminous orange tuxedo complete with a top hat, pocket watch and cane.

"Hmmm...It's missing one more thing." Shadow said whilst grabbing a bright blue cape and draping it over Sonic's shoulders. "Perfect!" Sonic grinned.

"Now your turn." Sonic said. Shadow ran into the changing room and within minutes returned in a bright pink tuxedo complete with a piano tie and a bow tie as well. Sonic clapped in approval and the two grinned. Just then, they spotted Gina and Liv trying on some beautiful dresses. Gina had a silver dress on whilst Liv had a red one. Immediately Sonic and Shadow started drooling followed by a hard yank of the ear.

"I thought I saw you two here!" The person yelled.

"Amy? What are you doing here?" Sonic asked.

"In public!?" Shadow added. Amy ignored his comment and began to make a scene.

"Listen, you just go off and ditch Vector and Big like that! I mean, Vector's like a dad to you and you just run off! He was just trying to take his boys fishing!" Amy babbled leaving Sonic and Shadow to heavily blush out of embarrassment. Gina and Liv, overhearing the scene snickered under their breath and then left the shop. Sonic and Shadow noticed this and stared angrily at the door.

"Gee thanks a lot Amy!" Sonic muttered.

"Are you even listening?" Amy screamed, not noticing Sonic's previous comment. She continued to lecture them in public and then dragged them home.

In Shadow's room (for a change):

"Man I can't believe Amy embarrassed us like that!" Sonic wailed as he held his head. But Shadow wasn't listening, he was off in a daydream again but it wasn't a normal one. Every time he tried to picture Liv's beautiful face, Gina's came to mind instead and it was beginning to bug him.

"Hey Sonic, tell your girlfriend to get out of my head!" Shadow screamed at Sonic unexpected who was cut off in mid sentence.

"Okaaaaay." Sonic replied a little scared. "Gina, get out of Shadow's head!" Shadow smiled a thanks.

"Hey Sonic, did you ever wonder how that ugly thing is my sister?" Shadow asked randomly. Sonic stared at Shadow in an outrageous way as if Shadow had just got an A in Spanish.

"Well having my sister ain't no basket of roses for me either pal!" Sonic shouted back. The two ended up wrestling each other to the floor as Amy walked in dropping a tray of cookies on the floor.

"I tell you to think about what you did and you're up here wrestling! I just baked these cookies for you but you can just eat them off the floor now!" She screamed slamming the door. Sonic and Shadow eyed the cookies piled across the floor before looking at each other.

"Works for me!" Sonic said as they both rushed over to eat the cookies. After stuffing their faces with germ ridden cookies, Shadow had an idea.

"Hey Sonic, wanna go boarding?" He asked.

“Shadow, this is just really random stuff happening now! I mean, fishing, Disney, we need to get serious bro!” Sonic replied.

“As usual Sonic, your right!” Shadow said.
