Chapter 1 - short feeling

2

1 - short feeling

when im alone i feel sad yet happy
when im with people im depressed

why is that

because u made me like this

all those times of being alone builds up
i wonder what would happen if in an instant i could show you what i want to show you,would that be called "cruel?"
showing u the loneliness of the lonely would that be bad

nailing you to the cross and letting u watch everything you love and care for die would that be labled evil
allowing you to be totally alone with no one to talk to or listen and not saying a word about it would that be ignorance and revenge

NO...

IT WOULDNT be u told me u want to know how i feel

im telling you im showing you im letting you live it

if you don't want to know the truth

dont ask the question
