Chapter 1 - I know omeone

2

1 - I know omeone

I know someone.

We talk almost everyday
We'll meet eachother in the same place
Just like we've been doing for almost a year

I know someone

We talk for hours on end
Until the once fallen sun rises
Then comes the words "goodnight"

I know someone

They're unpredictable
Once I think i figured them out
They turn around and fool me again

I know someone

I don't judge them by looks
or by talent
for I am blind to truely see them

I know someone

We part ways at the end of the night
They know I'll be back
but sometimes I question them

I sit alone

Just after my blind incounter
I wonder if they ever think
about what I've said
or what I've done
do they truely mean what they say?
do they truely care?

But As soon as I see my someone
all those thoughts fade
I can truely tell
They mean every last word

I've been called fool
hopeless
lust stricken
heart sick
and worthless

but I know someone who makes all those words go away
I know someone i feel safe around
that i can tell anything too
I know someone i'm in love with
the one who stole my heart

I know someone
my someone...
