## **1 - what ive always wanted**

Someone is out there, waiting for me. I just know it. Every night I hav a dream that Ill meet my dream guy and he would come and give me my first kiss. Then, the fantasy is over, and its time for school once again. Ive had so many crushes in my life and they all end in disaster. Ive only had one boyfriend and it was one of the biggest mistakes in my life. Every night ill keep thinking, ill find him, the right one that can take me off my feet and give that one thing ive always wanted, true love's first kiss. Fin.
