3 - mystery invites and old smell

"inuyasha everyone wake up look" kagome shouted seeing the comb that had controled yura next to everyone "hey arent these copies of yuras comb" shippo said kagome had told him about her "her smell is in the clearing but she's dead whats the paper say" inuyasha said looking at kagome whos eyes widened as she read it "read outloud" miroku said kagome nodded and everyone gathered around "dear friends and brothers in inuyasha and sesshomarus case" kagome said looking at inuyasha "you have another sibbling" shippo said "ya tri demon ouka but me and sesshomaru both saw her die" inuyasha said confused as kagome kept reading "i bet you think i'm dead and so is yura maybe but maybe i've been such good a hider you didnt even see me when i hit naraku in the gut during a fight which i did" kagome said reading the note "she's alive and she has been here around us at least once" inuyasha said wide eyed "you know there are some people you'll be suprised to see in 3 weeks when we all get together at the bar on the out skirts of the village but i wont give it all away you'll have to come see until then have a good time love ouka" kagome finished the note and looked up putting it back in the comb "we'll have to go to make sure it isnt a joke" sango said "ok and her smell is on the paper along with yuras all over the clearing" inuyasha said. they soon found others had recived the same notes. kohaku smiled at his sister "hi sango" he said then she spotted the red comb under his armor "thats one of yuras you gota note to" kagome and sango asked "yes so did rin sesshomaru jaken koga and ayame i saw them awhile ago along with the kids from hoiri island" kohaku said nodding "she did write we'd be suprised at some people" inuyasha said "um inuyasha hate to tell you but i saw allot of ouka when under narakus control she was visting at least once a week hepling free me" kohaku said handing inuyasha one of his sisters rings "she hid very well" kikyō said walking up with keade next to her "ya none of us knew till today" shippo said "guess well see everyone in 3 weeks" keade said.

4 - practice

ouka looked up from fixing the stage when she saw fang walk in "hi fang can you tell wolf and claw for the three of you to come here in three weeks bringing everyone together" ouka said smiling at the ex evil bounty hunter who nodded and walked out to also tell kasi "so what songs this time" kagura asked pretending to be annoyed "well start practicing soon" kanna said smiling as she had gained emotions when ouka brought her back "yes we will and i'll sya which songs then" ouka said smiling to let them know to get ready to practice. ouka slipped on the jade green shorter kimono and the life flower in her hair and walked back onto the stage to wait for the others who just needed to get a few things. ouka grinned "ready" she said they nodded as she flipped the back round to bring me to life and stood in front of the micphone ouka started "how can you see into my eyes like opened doors" ouka paused "i cant sing this one right kanna its better for you" ouka said kanna nodded and fixed her head piece so she could sing it right and stepped in front of ouka with a smile "how can you see into my eyes like opened doors leading you down into my core" kanna closed her eyes "were i've become so numb without a soul my spirte sleeping somewere cold until you find it there and lead it back home" kanna smiled this would work ouka turned the music off "ok lets try to next one i think kagura should lead" ouka said kagura nodded and fixed her head piece as kanna had done "we need me kanna and yura as back up for this one" ouka said turning the back round to animal i have become "all the way threw here" ouka shouted falling in behind kagura who let ouka go in front knowing ouka was best at this she nodded "no all the way ok" yura said to ease oukas worry then an idea hit "hakudoshi you sing" she called he nodded smiling as ouka pressed play at a random part of the song "i cant escape myself so many times i've lied but theres still rage inside somebody get my through this nightmare i cant contol myself" hakudoshi didnt miss a beat even through it was a sudden start "somebody help me through this nightmare i cant control myself somebody wake me from this ngihtmare i cant escape this hell" hakudoshi knew that back up was next "this animal this animal this animal this animal this animal this animal this animal" we all sung it at the same time before ouka smiled and pressed stop "ok lets practice the next one" she said smiling flipping through the songs "yura your up" ouka said smiling as yura stepped fowards to take over ouka pressed play at a random part of the song yet again "feel the adrenaline moving through my viens spotlight on me and i'm ready to break" ouka cut yure off "ok we need a better one for you" ouka said sighing "practice again later k guys" ouka said then they all started walking home talking and laughing.

5 - 3 weeks mark

ouka and the others sat in the bar waiting well hiding they decided not to sing to just play the songs for better surprise they giggled slightly and stepped out to wait for everyone kasi fang wolf and claw were already there the children and kohaku were the first to arrive "hi yura" asagi said looking from person to person everyone of these people besides for the three morphers and one human were said to have died "hi kagura kanna hakudoshi byakuya yura ouka" kohaku said smiling it wasnt long before kikyō and keade arrived "looks like i'm not the only one back from the grave" kikyō said a small smile on her face walking up to us "well i faked my death and brought them back to life" ouka said smiling the others nodded "notice both of your brothers are late" koga said mocking ouka who in turn slapped in the face as ayame giggled. out of sesshomaru's group rin walked in first smiling "look jaken so many people" rin said jaken stared "some of which died" jaken mumbled as sesshomaru walked past him over to his sister "ouka" he said coldly "uh oh the ice prince is here" kagura said ouka giggled "since when did you use that insult and i saw you die" sesshomaru said walking up to her ouka smiled "if i didnt know better brother i'd say you cared about her" ouka said with a smirk "but you do know better" sesshomaru growled at his sister she hadnt been back to life in his book for more then 5 minutes and she was already driving him crazy "no i dont so i say it looks like you do care she actually gets a reaction out of you" ouka said falling over laughing as inuyasha walked up "whats going on here you died they died" inuyasha said ouka laughed harder "i faked death dummies and i brought them back to life idiot" ouka said laughing "ok so whats so funny" inuyasha asked ouka pointed to kagura and sesshomaru who were already in a argument "who told you about that" sesshomaru fumed "same person who brought me back to life same person who gave me tons of other stuff asshole" kagura said staring sesshomaru in the eye then rin interviened "lady kagura rin missed you so much" the little girl said smiling "ok why dont you go play with kohaku" kagura said smiling and rin left and yura walked towards inuyasha and kagome through mocking kagura had gotten her and sesshomaru out of ear shot and there fight just became more heated and ouka smiled thinking good out come to the reunion
