*I am an ardent blogger with a lot of passion to know more on digital products and their functions. It is simple for me to acquire technical knowledge of several gadgets especially printers. I just wanted to help you people who are struggling to set up their devices. Read my site [www.b123-hp.com](http://www.b123-hp.com) to get useful tips from the user's point of view or dial the **Toll free number @ +1-888-214-1820**.*

# 1 - [123.hp.com/setup](https://123.hp.com/setup)

If your HP printer is new, here we explain [123.hp.com/setup](https://123.hp.com/setup) guidelines in detail. Complete the setup to begin your Print, Scan, Copy, and Fax jobs. Let us start the setup process right away. If you are expecting outstanding Printing performance, HP is the best choice

[123.hp.com/setup](https://123.hp.com/setup) steps include

- Connecting the necessary cables
- Activating the network
- Downloading the printer driver
- Executing [123.hp.com/setup](https://123.hp.com/setup) on Windows and Mac
- Troubleshooting [123.hp.com/setup](https://123.hp.com/setup) issues if any

What are the steps to execute [123.hp.com/setup](https://123.hp.com/setup)?

- To start [123.hp.com/setup](https://123.hp.com/setup), unpack your device from the package
- Find the port on your Printer to connect the cables
- Turn the Printer ON
- Go to the Printer control panel
- Select the appropriate network settings
- We suggest the connection modes such as WPS, Wireless setup wizard, and Wi-Fi direct
- After selecting the settings, follow the onscreen commands that appear.

[123.hp.com/setup](https://123.hp.com/setup) setup using WPS

- If WPS is your choice to connect [HP printer](#) to the network, press the WPS icon on your Router
- Then press the wireless icon on your Router
- Access wireless setup menu
- Select the connection modes such as WPS push button or Pin
- Then run the onscreen commands that appear on your device screen.

123. [HP.COM/setup](https://123.hp.com/setup) setup using Wireless setup wizard

- If Wireless setup wizard is your choice to connect HP printer to the network, select the settings
- Answer the setup wizard guidelines
- Choose your network and enter the network SSID and Password
- Finally wait for the network connection to be active

123. [HP.COM/setup](https://123.hp.com/setup) setup using Wi-Fi direct

- You can enable Wi-Fi direct feature on your Printer
- Also, turn on the feature on your Router
- From your Mobile device, choose Wi-Fi direct enabled printer
- Enter the Wi-Fi direct username, password
- Follow the onscreen prompts that appear.

123. [HP.COM/setup](https://123.hp.com/setup) to download HP printer driver

- To start [HP printer driver](#) download, go to the driver download page
- Access the driver search tab

- Type the Printer name, Version
- Get the driver search results
- Choose the driver
- Click on the icon, download
- The driver download process will start
- Transfer the driver setup file to the required folder
- Click on the driver setup file
- Proceed with the installation process

123. HP.COM/setup to add Windows and Mac

- To add your Windows device to Printer, go to the settings, Devices, and Printer
- To add your Mac device to the Printer, go to the system preference settings and click on the icon, Printers, and Scanners

123.hp.com/setup is complete.

[123.hp.com/setup](http://123.hp.com/setup) is complete. Contact our Printer support for assistance @ **Toll free number +1-888-214-1820** or visit us at [www.b123-hp.com](http://www.b123-hp.com)
