1 - Get Out,Haruno!!!!!!!!!

Works 3.0-4.x Database address book to Address Book conversion - Personal
Mapping table US version 5.0.0.1829.1

DO NOT EDIT THIS FILE

ABField DB Fields DB alternative names
(do not localize) (maximum 2) (add any number horizontally)

_ _ _ _ _
Display name's field order can change depending on localization. For example, some locales may prefer _.
Note, the _ character denotes a space between these fields when mapped to the AB field. A , denotes
a new line on the mapping.

, , , , ,

_ _ _

Note: Anniversary is spelled wrong in WeddingAniversary, but this is the current internal name for this field in the AB.
