he said good bye she started to cry
bye farewell and off he went she stood there and shed a tear in
both of their eyes and never to see each other again
she tries to reach for his hand but he is out of reach she starts to follow him
crying and weeping but its too late hes gone! she sits there for an hour or two
crying and sobbing what shall i do when a warm gentle hand touches her
shoulder and she turns to find its her loves beholder she hugs him with joy
and they kiss under the stars this moment they looked in each others eyes
and they see what they felt and forever on they stood there
time neither stopped or moved they lasted that moment on
