Miss Frappacino did many things with her look, she started off with the ordinary look (just as all e-celebs do) then she got some coo coo colors in her fringe (pink, purple and baby blue) and she dressed like a clown everywhere she went. After the coo coo colored fringe she died her her bright pink and started to change her style of clothing. After the pink hair she went back to her original color of brunette and dressed a bit more high fashion and after this style well who knows because Miss Frappacino is sticking to this style at the present moment of time.
