holy crap! It's been so long sense I've posted something here, anyway this song is something I came up with after watching a show about the most famous heavy mettle stars. So needless to say this is basically an 80s mettle type of song.

Chapter 1 - lets dance all night till we pass out

2

1 - lets dance all night till we pass out

Its 2 am yeah that's right
I think it's obvious I'm not sleeping tonight
Four vanilla cokes down got two more to go
Until I have to go out and by some more

Lets dance all night
Till we pass out
We'll dance all right
Cus no ones around
Lets dance all night
Till we pass out
Yeah were gonna shake up ...the whole frackin' tooooooooooown!

(short band solo)

I'm jumping around
Like a monkey on crack
I don't think the neighbors are comin' back
Their so stuffy and bored
Where did it all go
All the fun they used to have when I was ten years old!

Lets dance all night
Till we pass out
We'll dance all right
Cus no ones around
Lets dance all night
Till we pass out
Yeah were gonna shake up ...the whole frackin' tooooooooooown!

(long band solo accompanied with guitar solo)

I'm not sure why it never gets old
This sugar high
Done million times before
You'd think I'd be where my self out and crash to the floor
But my brain only says
I want some mooore!

Lets dance all night
Till we pass out

We'll dance all right
Cus no ones around
Lets dance all night
Till we pass out
Yeah were gonna shake up ...the whole frackin' tooooooooooown
