This poem is about what I think of school, so if you like really depressing poems here you go. It's mostly about how schools like hell I think you'll like it.

Chapter 1 - School (Living Hell)

1 - School (Living Hell)

School

This is my dungeon,
this is my cell,
this is the place where I'll rot in hell,
I feel like I'm trapped in a cage,
and never to set foot on the next page,
this place is so horrid I could just scream,
this place diffidently has no gleam,
they say this place is where you start dreams and hope,
so why am I in this nightmare that makes me want to mope,
I just hate this place so much,
it makes me want to die and all that and such,
this place has me chained to a leash shorter then you or me,
so I can never get away and that's how they want it to be,
this pain is to much to bare,
but tch who would care,
they tell me it's just part of life,
but I could end it all with a knife,
but why? why haven't I,
maybe I want to find that special someone for me before I die,
or is it because the small happy parts if life,
but my life has been mostly strife,
but still this life wasn't meant for me,
as you can see,
I'd be better off in a world with demons and swords,
with action and romance and lords,
it'd be better then studing all day,
but no I have to pay,
I have to pay my life with mental pain,
it's driving me insane,
so I guess all I can do is dream,
and that's all I can do it would seem,
and you people even try to take that away,
so stay away for every coming day.
