Having a Twin

Chapter 1

Having a twin is nice. Just think how it would be if you had a twin. You could do alot of stuff together. Like go to the movies, and swim, without having to get your twin to ask their mother about it. Like I am taking my twin to a movie tonight. We are going to see Alvin and the Chipmunks. Ok, I have to tell you my twin is not my real twin, but I call her my twin, because we were born on the same day. If we were born from the same mother, we would be twins. My twin is only [9 hours older](#). My twin's FAC account is [sangoXmiroku](#) . Now we are [11 Years old](#). [I can not beleive i met my twin at Church](#).

2 - we are older

I love life, and so does my "Twin". Life is good, mostly, but still hard. Sometimes she calls me and asks me to adopt her. I wish i could. We live far away so its hard. On 6\13 she is coming from Rio Rancho for a week.

We are older now, but we are still the same.

I love my twin.

3 - crazyness

ok the last "chapters" were kinda weird as is this one basically a lot of things have changed but me and my "twin" have still been close...she has moved 2x more and its been over a year since ive seen her...we r both vegetarians now. we r 14 almost 15. even though life gets shooty and we have had fights we were always there for each other and always will b even though there is alot of land between us we r like glue and paper we always stay together as frends and sisters
