Chapter 1 - sorry	2
Chapter 2 - no more friends	3

1 - sorry

you said you would be with me..than you said it was good bye..now I know it was...just another lie...wishing you be with me... till the end of my time...now it was.... just another lie!!!!!!!!!!

*** begins chorus***

you'd keep me with you....just to keep me safe....now its all....just another waste.....knowing that you are...just another face.....don't want to be kept.....in this awful place....

bass and guitar solo* *starts another verse

knowing your with him.....just makes it all much worst.....you know it wont be....you and me....just to let you know....it was not a waste.....just spending time with you....now it is to late...

back to chorus**than start another verse

now your with him.....now I'm in tears.....now its time.....to show you my FEARS!!!!!!!!!!

I'm sorry that's it is like this.....all the fears I have....control the way I feel.....now its all time to heal.

music fades and the last sentence is told

you left me here to bleed out on the carpet floor..till the blood stop..and nothing but my love remained.

song ends

2 - no more friends

{name of song}-No more lies.

ok....this is the whole song

i sit on your fence...

All day and night. You stare at me

In the starry night....

Everything we had is gone...

All i want is this song...

The love we had is so far gone....

All i want is this song....

The song of us...

The song of need...

All about you and me...

*WAKE UP!!!!!!

to this world of yesterday..

the love I've left. Was set ablaze...

Everything I had they took away.

*i can't take this awful pain away...

They fu**** with my love..

they ruined yours...

the chances we had...

i should of adored...

they should of stayed ...

the hell away...

i didn't ask for a fu**** game!

back to chorus than end
