1 - the beginning and end

simba was outside pride rock pacing up and down he was worried about kiara because she was giving birth to his first grandchild. After an hour of waiting rakiki came out "congratulations you have a grandson" he said simba ran inside the cave he stopped and looked at everyones faces before running to nalas side who greeted him with a hug. "Dad" called kiara simba stepped forward and hugged kiara then he turned to kovu "congratulations" he said, then he spotted a small cub he was kiaras colour except the brown tuft on his head which was his dads colour and at that moment a love began to grow in simbas heart "whats his name" he called to kiara "thara" she replied.

A MONTH LATER

"Thara dont go too far" called kiara to her cub who was running around the savvanah "he will be fine" kovu laughed "i know but what happens if he goes into the outlands" kiara replied "chill out thats how i met you" he smiled and kiara hugged him. Meanwhile thara was at the river and he wanted to cross he jumped onto the first rock then the second then onto the edge. giggling he carried on running until he was in a unfamiliar place he looked around suddenly something hit him he turned around to see a foot a wet foot then he looked up and saw the face of a lioness "a pridelander" she grinned then thara heard a roar and was swept off his feet he looked and saw his dad had picked him up "son" she grinned "zira" kovu snarled "it mum to you" she yelled kovu rolled his eyes and turned to pride rock "you better keep that cub close or you might loose it" she yelled after him at that kovu dropped thara and turned to her snarling suddenly kovu was grabbed hold off "leave her son" simba said kovu immediately stopped and turned around picked thara up and went back to pride rock leaving simba and zira alone. zira looked at simba and grinned she leaped onto him and grabbed his neck simba choked to death. nala came running up "what have you done" she squealed "now we are even" laughed zira

2 - sorrow and anger

"Dont tell thara yet" kiara managed to wimper before burying her face in kovus chest all the lioness huddled together crying nala sat up acting strong "im going out hunting" she said then when she got to the river she fell down sobbing minutes passed then when she looked up across the water she saw a teenage lion looking at her she got up and saw that he was a tan beige male with a red half mane she backed away a little bit. the lion jumped onto the first rock then the second and then onto the edge "why are you crying" he asked "i lost someone i love" she replied "so did i my dad was murdered and my mum is also dead" he said at that point nala had stopped crying "you poor thing" she soothed "who looks after you" "no one" he shrugged nala felt her heart go out to the lion "you can join our pride" she replied "cool" the lion smiled and they both walked back to pride rock when they arrived everyone was at pride rock and kovu was on the rock "our king is dead" he yelled out at that point all the animal burst out crying "but the main concern is who will be king" he added "wait here" nala told her new freind and she ran towards pride rock and up the hill and ran next to kovu " kovu is going to be our king" she yelled out "no i cant" he yelled "exscuse us" he called out feeling humiliated then he took nala into the cave " i cant be king not yet i have to kill zira first" he whispered "ok" nala replied before running back out to face the animals " we have to deal with a certain lioness before we have a king" she called out then ran back down to the lion she found earlier "come with me" she said the lion followed "i dont know your name" she called to him "kanny" he called to her as they went up the hill. they entered the cave when all the lions saw kanny they sprang up snarling at him "girls its ok he is part of the pride" she called out and they all lay down kovu looked at him and snarled before turning away.

3 - VITANI

the next day kovu got up earlier than anyone else in the pride and went to the outlands to hunt zira down it had been so long since he was there he forgot were things were he walked around as he did he went passed skeletons then he heard a noise behind him he swung around but nothing was there so he carried on walking then he came to a familiar place it was the old den where he was trained to kill simba then he heard an evil laugh "kovu" it echoed and then out off the shadow appeared vitani "hello little brother" she snarled "vitani" kovu cursed they both snarled as they circled each other then suddenly vitani sprang forward and threw kovu into a cave then a big boulder fell on the entrance kovu was trapped "now for kiara" vitani yelled in to kovu. kovu rammed against the boulder trying to get out but he just knocked himself out meanwhile vitani was on her way to pride rock when nala spotted her "!!!VITANI!!! she shrieked "nala i just need a word with my dear old kovu" she lied "ok but no funny moves" she replied with that vitani ran to pride rock and into the cave where she saw kiara sleeping she went over "hello princess" she said kiara immediately woke up "what wheres kovu" she said in a sleepy voice "kovu wants me too bring you too him" she said softly "oh ok" she replied as she got up and followed vitani outside where they began to run vitani took kiara to where kovu was trapped "call him" she snarled kiara looked confused but still obeyed "kovu" she yelled "kiara" kovu called from the boulder kiara ran over to it "kovu kovu" she yelled vitani came over grinning and grabbed kiaras ear and bit into it kiara squealed in pain "kiara" kovu called ramming as hard as he could into the side of the boulder then vitani let go of kiaras ear and threw her against the side of the boulder kiara was unconcious but at that minute vitani was knocked of her feet it was kanny he stood over kiara ready to defend her if he had to but he didnt have to vitani had run away kanny put kiara on his back and ran all the way back to pride rock where nala saw them and ran down to help "what happened" she said unloading kiara off his back "my sisster was after her" at that minute kiara woke up "where am i who are you" she said quietly "im afraid she may off lost her memory" said kanny loading her back onto his back "where is your first aid" he said so nala showed him to rafikis tree where it was confirmed she had lost her memory.
