Legend of Zelda: Nivantay The Dark World

Prologue

Over time all was almost forgotten Ganondorf's near reign was faltered by one hero. His name was Link famed all around Hyrule. Yet soon days got long and evil left all the land. Link grew to his older self free from most of the journeys of evil. Seventeen finally he decided to venture off. And here begins our tale...

Link was at Lon-Lon Ranch gearing up Epona for the trip. Malon was returning from the house with some freshly cooked food.

"Why do you want to leave?" asked Malon seeming concerned.

"Haven't I explained myself enough already," but as he saw the face Malon was making he explained, "After that year of finding a portal in Hyrule I thought there would be more and there is, so I want to see these other lands."

"But what if something horrible goes on like what happened before it sounded awful."

"It was awful Malon, but I'm seventeen and I can take better care of myself now," Link sighed and looked straight into Malon's eyes, "So don't you worry I'll come back."

Malon then put on a smile, and gave him the food.

"This will only last a week if you're careful."

"Yeah your food's too good to let last two days," he smelled the aroma, but quickly packed it trying not to be tempted to eat it right then and there.

Link and Epona rode up to the gate of Lon-Lon Ranch all ready to go. Malon looked sad, but hugged him tightly and gave him a soft kiss on the cheek. And he was off.
