Okay,

who out there has a brother or sister of any age at all? Do you like to annoy them?

Well, i have one younger sister and i love to annoy her. And she loves to annoy me, therefore we got some perspective.

rest assure, every one of these techniques are tested fully before i post them here for you. All items in this list are possible otherwise, you would see me on the news as the victim of the most retarded suicide that will cause you muse. or joy.

Anyhows, please, feel free to test one or two of these on your family. SEQUEL when it comes around will be 101 ways to annoy your parents. and i garuntee it will be funny. But for now, ket us stick to the basics.

Ahem, for you only children out there, im sorry but these should amuse you anyways. If you have any ideas for torture i could put in here, please let me know by comments! I love input and stuff.
