Chapter 1 - I said it once ill say it twice

2

1 - I said it once ill say it twice

*Would you like me if I didn't look good?
You seem to like my personality
I wonder what this might be in reality
Could this possibly be
Or can I not see
You seem to like my out look on everything
I never acted like I was the king
I sat there quiet like there was nothing
Should have spoke up
I should have woke up
Only in your abyss of mind
Into the details you never find
Although talk I don't mind
I can take torture very kind
But say you have no right to find what's yours
I am afraid there is never a cure
Although you're conscious tells you wrong
You listen to lies
For they lead to cries
To bad you never knew
How much this hate grew
It only seems fair that I say with great care
I will say it once
No longer twice
For it hurts even those who even think twice
It pain me to say it
I have to speak
In this corner I feel so weak
They say the meek,
They shall inherit.
For now you seem like you're just a merit
I need to say this
I'm to scared
What will you say
Will it only lead to decay
I need to speak
I can't breath
This pressure is consuming me
I need to say it
I can't take it
For all this I can never fake it
Is it love or is it hate*

*This we can never debate
I said it once
Now I have to say it twice
Although I loved you
I'm sorry you paid the price
For this it seems so terrible to you
Trust me its like the flu
I sat there and listen to all the lies
I ever did was cry
I said it once
Now I will say it twice
I loved you then
But I hate you now.*
