Chapter 0 - who has it

2

0 - who has it

Those who say finally got it right
Need to realize that they need to open up their eyes
And find out that they only can fight
Those who say the guilt you put me threw
Its not them hunny its you
If you say you love them
You better speak the truth
No matter how it hurts
You only make it worst when you lash out
So shut up
Its either you tell the truth
Or staple that laying mouth shut
To those I say get a life
Its full mistakes
And you just made the biggest
You've never felt a broken heart
You've never made one bleed
You've had your shares of lies
When it comes to love
It counts what's on the inside
So to those who say
"I've finally got it right"
Or
"I love you no matter what"
Stop and think
Is that true?
You just jump to the next one and think oh this ok
Then leave and meet a new
We're all users, liars, cheaters, but when you lie about love
You rot alive
In your own guilt
Your own pain
Your own fire pit
Get a life.
