Chapter 1 The encounter

Mushra sat staring at the horizon. He, Sago, Kotal, and Yakumo had finally been able to give Mushrambo a body to live the rest of his life in. He had also gained the ability to hyper form into his celestial guardian form. But lately, after all this was accomplished, Mushra and Yakumo seemed to become further and further apart.

Mushra turned around to look at Yakumo, who was sitting under a nearby tree. Mushrambo was with her. He was holding her in his arms in a tender embrace, Yakumo returning his affection. 'Man, why does he get all the girls?' Mushra thought. A small thump on the ground next to him made Mushra turn back around to see Sago sitting next to him. Sago looked as miserable as Mushra did. "What are you sulking about?" he asked.

"Same as you. Mushrambo is always get the girls and we are forced to watch and be miserable," Sago said. Both of them sighed and stared at the horizon. Suddenly Mushra felt a tremor coming from the ground. He looked at Sago in a serious way and Sago returned the look.

"Did you feel that?" Mushra asked.

"Yup. Let's go check it out. It came from over there," Sago said, pointing towards the forest on his right, when there was a flash of red and a wave of blue. He and Mushra got up and ran towards the forest. Mushra then stopped and turned to look at Yakumo. She and Mushrambo seemed to not notice the tremor. "Mushra, hurry up you slow poke," Sago called to him, still running. Mushra ran after Sago, trying to block the sight of Yakumo and Mushrambo from his mind.

After the two enterrans ran deep into the forest, there was a large crash and a cloud of dust. Mushra and Sago ran towards the source of the commotion. It was coming from a small clearing. A small crater in the ground was the cause of the dust cloud. Suddenly a huge Enterran can bursting from the trees. He was about to attack the object in the crater which, after the dust cleared, Sago and Mushra realized was a teenage girl with long blue hair, aqua armor and a bow with arrows. Another female enterran appeared next to her, helping the other one to her feet. She had medium length flame red hair, red armor, and two swords. Before the two enterran girls had a chance to get up, the enemy attacked. The two boys had no choice but to come to the girls aid.

"Hydro Power!"

"Hyper Flame!"

Sago and Mushra had hyper formed and rushed to the girls aid. Sago threw his boomerang blade at the huge enterran. The enterran was too distracted by this to notice Mushra coming from behind. Mushra then sliced the enterran in two, turning him into an en-card. After this, Sago and Mushra powered down.

"Let's go check on those girls," Sago said.

"Yeah, let's go," Mushra said. The two of them ran to where the girls were. "Are you ok?" Mushra asked the girls.

"Yes, thank you but we could have handled it," the blue enterran said. As she got up she moaned and fell back to the ground, holding her arm.

"Oh no, what happened to you?!" the red enterran said with concern, going to her companion's aid.

"I am fine. It's just a scratch. Don't worry," the blue one said weakly. She then passed out.

"Apollo! What's wrong?! Apollo! Wake up!" the red enterran said to the other, tears filling in her eyes.

Sago then approached the blue enterran but the red one pulled out her sword to protect her friend. "Easy, easy. I am just goin' to check her pulse," Sago said. The red enterran then put her sword down. Sago approached the girl and put two fingers on her neck. He then got a shocked look on his face and removed the girls hand from her arm. A huge wound was carved deep into her. Sago wiped some of the blood off of her arm and sniffed it. "She's been poisoned! Quickly, let's take her to our camp. We'll treat her!" Sago said anxiously. The red enterran carried her companion on her back and followed Sago and Mushra. As they ran, the blue enterrans breathing and heart rate were starting to slow down.

Chapter 2 The Introduction

Mushra, Sago, and the two female enterrans got to the camp site. The blue enterran was then placed on the ground near the fire pit. Yakumo saw the commotion, then left Mushrambo and ran to the others. "Mushra what happened?" Yakumo asked, kneeling down next to him.

"These two girls were in a fight and one of them is badly hurt," Mushra said. He looked down at the blue enterran girl. Her breathing was becoming quick and shallow.

"Yakumo, could you get me the medical kit? And quickly please," Sago said as he rinsed the girls wound with some water. Yakumo ran to Hakuba, her guardian, and got the medical kit. Sago then told everyone to leave, but the red enterran girl would not budge from her spot.

After an hour or so, Sago came to the Mushra, Yakumo, and Mushrambo and said that the girl would be just fine with a day or so of rest. "That girl is lucky. A few more minutes without treatment and she would be dead," Sago said. "But I wonder who these two girls are. And why are they still in hyper form?" As Sago finished his question, there was a flash of red and blue light coming from the girls. The blue enterran girl then woke up and tried to sit up. Her companion helped sit up right. "You guys can go see them now," Sago said. Yakumo, Mushra, and Mushrambo walked over to the place the two girls were sitting. They then sat next to the girls when they approached the fire pit.

"Hello. My name is Yakumo. It is very nice to meet you," Yakumo said. "This is Mushrambo and you have already met Mushra."

"Hi. Thanks for saving us. We probably would have been carded if you and the other guy hadn't showed up," the blue enterran said. She looked to be about the same age as Sago, waist length blond hair with blue streaks, blue eyes, tall, and seemed to be really tough. The other seemed to be about Mushra's age, had medium length brown hair with bright red bangs and tips, brown eyes, and a gentle face.

"No problem. It's what we do best," Mushra said, a grin spread across his face.

"Oh by the way, I am Apollo. I am a water enterran," she said, a wide grin on her face. The other girl was very quiet.

"So who's your friend?" Mushra asked. The red enterran looked down at the ground quickly and started to blush.

"This is Artemis. She is a fire enterran. She's kinda shy. But don't worry, she'll warm up to you," Apollo said.

“Hello,” Artemis said shyly. Mushra smiled at her and she smiled back. She then suddenly winced as if she was in pain. Apollo noticed right away.

“Is it starting to hurt again?” Apollo asked. She seemed really concerned. Artemis nodded her head a little and then stood up, holding her upper left arm.

“I’ll be right back. I need to take care of something,” she said. She then walked off in the direction of a small river that they were camped by. Apollo watched her friend walk off. When she had turned her head, Mushrambo noticed a strange mark on Apollo’s shoulder. It looked like a kanji symbol, the symbol of darkness.
