## 0 - prologue

sesshomaru looked at kagura naraku was going down tonight should he warn her she didnt want to be with him and from there talks naraku was holding his creations by force they all hated him he sighed "kagura" he said walking up to her she looked shocked for a second then he noticed she had the infant akago in her arms but he wasnt breathing no heart beat at all she seemed somewhat sad "sesshomaru what you come this time for" she whispered he sat down next to her "naraku is dieing tonight i figured i'd warn you so you guys can avoid going down with him whats wrong with akago" sesshomaru said she sighed "narakus heart as we knew was inside him naraku took it back but after words told me he created this infant from me instead of himself as he didnt want to waste he kept me locked up the whole time he ripped his heart out and i kept feeling like something was being pulled from me but when ever i held akago i felt whole again is it really possable" she whispered sesshomaru sniffed the infant and sure enough under narakus stink and his own was kaguras smell inside him kagura was the infants other half naraku used her to ensure kagura would fall with him then the infants eyes opened slowly "akago your alive" kagura said relieve flooded her voice then he noticed she was the only one awake kanna hakudsohi and byakuya lay on the grass looking very weak "he took something from them but he already had my heart and didnt take anything else but they werent as luck" kagura said putting akago into kanna's arms hoping since kanna offent carried him something might happen she pulled kanna so she sat against a tree and leaned hakudoshi next to her then pulled byakuya onto her lap "were all the same flesh and blood yet he used me for kanna and akago which means he used me for hakudoshi to but he didnt use his own flesh for the father half of any of us he used byakuya before we even knew he existed he wanted to ensure he had a way to keep us all in the same spot" kagura whispered in fact he had know that byakuya and kagura were the only ones naraku truely made with his own flesh so they were sibblings and the children could be counted as her's but the five of them would never see it that way he walked away then returned to see if killing naraku had killed them when he got there four figures were gathered around a fifth that wasnt moving not even breathing he raced over the see kagura was on the ground they hadnt recovered her heart naraku must of done something as he died but kagura had her own soul and tensiga was reacting "stand aside" he commanded they did and he used his sword bending down to life kagura into a sitting position and let byakuya take over "thank you sesshomaru" byakuya whispered as he walked away

## 1 - castle

kanna ran as fast as she could with akago in his arms they had found he wouldnt grow fast it was years and he was still an infant they didnt mind she looked to see hakudoshi on enti going as fast as he could kagura and byakuya had sent them to get help for themselves kanna then picked up rins smell she wasnt far "sesshomaru could help if rin wanted or if he wanted" akago said she shouted up at hakudoshi "i'm going to see rin keep going i'll catch up" she said changing direction it wasnt long before she found the girl but kohaku lashed out at her unaware it was her "KOHAKU STOP ITS ME KANNA" she shouted at him he froze looking at her "what are you doing here were are the others" kohaku said rin ran over to kanna "whats wrong kanna why isnt lady kagura with you" rin asked kanna let a tear slip from her eye "me and my brothers need to see lord sesshomaru" she whispered rin nodded and kanna followed her while hakudoshi walked on enti behind them the group were all void demons besides for the humans and adults so even enti's aura was included in the barrier they naturally created "rin lets go" sesshomaru said not noticing the demons with her "lord sesshomaru rin think something wrong with lady kagura kanna hakudoshi and akago are here alone" rin said pointing sesshomaru looked from the corner of his eye "whats wrong" he said walking over to them "were not all the way sure there was screaming blood kagura told us to run and not look back so we chose to go for help" hakudoshi said putting his spear in the spot he had on enti for it "from what my mirror saw the out come can only be death with out help" kanna whispered sesshomaru nodded and set off were they came from "kohaku watch them all" he said kohaku nodded then he put rin and kanna on ah-uhn and motioned for hakudoshi to follow as they came near the castle guards came out anger not noticing kohaku and rin were behind the demon horse they didnt know of the peace between there group and them "lower your weapons" kohaku said walking infront of hakudoshi who slid off of enti and led him by his harness rin did the same but kanna stayed on the dragon they could see two small children running towards them "mommy dady look a demon horse and two white haired children with a infant like from the stories" the one girl said happily "theres no mirror its just look alike resan" the other girl said kanna giggled "resan rea were are you" sango's voice called "oh so the slayer had children" hakudoshi commented "hi uncle kohaku" resan said as if enforcing what they said even tough she didnt hear it "rea resan just becuase i come back doesnt mean run away from sango and miroku" kohaku said they laughed sango and miroku stopped cold soon as they came into view the children ran to them "mommy daddy someone is copying the void demons and demon horse from the stories" rea said hugging sango who didnt respond her and miroku walked closer "long time right" akago said "the baby talked rea" resan said standing next to her sister who nodded "akago isnt a baby he just grows slow like most void demons" kanna said "yes it has been a long time hakudoshi kanna akago" sango said smiling "its a shame we couldnt be here on better conditions" hakudoshi said sighing "why dont you came to the castle and explain" miroku said they nodded and followed

## 2 - life

sesshomaru bent down next to kagura sitting her up byakuya was wounded slightly but kagura was really bad "she threw herself in front of them to stall them" byakuya's mate said her name was yura something seemed familiar about it let's get her to a clearing" sesshomaru said picking her up her eyes opened slightly as she moaned but then closed again they soon found a clearing and he lay her down in the soft otherworldly jade green grass he had heard of these spots before "how did you find this place" he asked turning towards byakuya and yura who was smiling "would you believe me if i said your own sister brought me back to life" yura said sesshomaru narrowed his eyes he had no sister "oh great what bull shoot are you spitting yura" a voice said the figure was dressed in odd colors for her element even looked odd for her element her hair was a dark purple with green highlights her eyes were all like kanna's her outfit was black but her aura was that of a life demon "nothing but the truth that your father is.." yura got cut off because the life demon pinned her to a tree by her neck "don't bring up my bloodline we both know my parents are dead now what's wrong koga is going to think i'm killing someone again if i stay out too long" she huffed dropping yura "it's kagura and lighten up a little moonlight i wasn't really going to say it i know what the punishment for that is i've seen you kill people before don't forget i was your first mentor" yura said moonlight sighed and changed colors her hair went black with white highlights and white streaked through black but look closer and her ears highlights were silver and her eyes were a golden like he and inuyasha's. she walked over to kagura and bent down closing her eyes she had black and light silver coloring on her eye lids but it was natural not human applied her nails had crescent moons on them she had black and silver markings on her face her moon was silver not dark blue although that was the undertone of it she wasn't his sibling despite some common things she vanished as suddenly as she arrived. sesshomaru bent next to kagura sitting her up and told byakuya and his mate to go ahead towards the castle and they'd follow. soon kagura's red eyes opened she sighed "if i didn't know my kids better i might of thought you came of your own accord i told them to run not run diagonal and possibly get captured" she said half smiling. "been a long time" kagura whispered sesshomaru nodded "they ran into rin who lead them to me i was for some reason scared at kanna's teared up face" sesshomaru whispered kagura gasped but then smiled "better hurry back if yura gets to the castle first she's dead inuyasha killed her once moonlight's father is inu no taisho you did not hear it from me" kagura whispered very lightly sesshomaru nodded "she's a life demon but dressed weird for it" sesshomaru said kagura nodded "she's the moss leaf killer" kagura whispered there moment was broke by the smell of wolf "any one see moonlight i swear if darksoul sent her on another mission oh hi kagura moonlight try to drop you at the caves again" koga asked ayame came up behind him kagura shook her head "kagura i heard you tell him why" moonlight said breaking into the clearing her eyes were flashing kagura shivered and gripped sesshomaru's shirt "told him what moonlight" koga asked ayame knew it "what she doesn't even want you knowing her parents her father at least" ayame said closing her eyes moonlight growled and started transforming "damn it never trust a naraku creation with a BIG secret now i have to deal with rejection damn it kagura why did you tell" moonlight said the marks were jagged now the others arrived in the clearing

### 3 - moonlight fight

"what the frack is going on here" inuyasha said sango gulped "whats wrong" kagome asked sango looked at her "thats moonlight not even slayers try to kill her anyone who has ends up dead she's a trained killer assassin and much more horrible things" sango said moonlight looked at her "one still lives i remember when you were little you likely dont remember what happened but i'll explain after i deal with a traitor" moonlight half growled then lept at kagura and sesshomaru who lept back kagura in arms. moonlight turned fully transformed "what does she mean" inuyasha asked ayame gulped "kagura told who her father was her mother is scar kogas mother but her father isnt a wolf demon" ayame said gulping "then who's her dad" inuyasha sneered koga shrugged "she is part inu demon" ayame said like it would clear things up "sesshomaru do something about her" inuyasha shouted at his brother who growled "danm it little brother she's part INU think idiot" sesshomaru growled "so shes part inu doesnt mean she's related to us there are lots of inus from what i know" inuyasha said moonlight lept at them again "wait ayame inuyasha and sesshomaru are inu's so if moonlights part inu she's" koga asked in a whisper ayame nodded and said not to tell "man sesshomaru whats wrong she's attacking you strike back just finish it" inuyasha shouted sesshomaru growled "inuyasha she is a INU me and you are INU'S try to figure out who her father is for the sake of the world idiot" sesshomaru shouted dodging moonlight kagome gasped "what is it kagome" inuyasha asked turning around when moonlight faced them the mark on her head was dark blue and her stripes were magenta. inuyasha gapped at her "you mean she's are sister sesshomaru" inuyasha shouted up at his brother "finally you get it i dont know if she can hear us at all like this" sesshomaru said dodging her again then she turned to inuyasha who gulped "danm it idiots she feared rejection from me when i found her think idiots she's still going to fear being rejected she never knew anyone until she met up with me" koga shouted moonlight looked from inuyasha to sesshomaru then turned around still in inu form and started to walk away ears bent back sesshomaru gave kagura to koga and started to transform after words he darted off in the direction moonlight had gone kagura opened one eye "inuyasha fallow them being accepted by one wont do for her she needs both of you to allow her" kagura said then passed out from the minor blows moonlight had landed inuyasha darted after his sister and brother

## 4 - inu's

moonlight gripped her legs in human form by a river crying sesshomaru walked up behind her "damn kagura this is all your fault why did i tell you naraku wasn't worth my trust telling me to kill them i should have known you'd cross my back some how" moonlight mumbled sobbing inuyasha nodded coming up next to sesshomaru as they sat down on either side of her she didn't even seem to notice them she looked forward there was a dark looking ghost standing there it became a fox demon dark fox demon moonlight's eyes went black when she looked at it "moonlight dear i was worried you didn't come back let's go then i can send you to kill again and let out that sorrow and anger" it said she stood up "ok darksoul" she whispered she went to walk but sesshomaru grabbed her arm while inuyasha grabbed her other arm her eyes went from black to the same golden as theirs "moonlight why pause my dear you're close to being able to kill those who reject you" darksoul said moonlight stood for a few seconds before trying to pull her arms out of her brothers grip inuyasha mouthed something then sesshomaru hit her over the head causing her to pass out and stop trying to escape "sorry whoever you are our sister is coming with us not you" inuyasha growled as sesshomaru picked her up
