# 1 - Fighting Side By Side Until The End

As soon as both James Moriarty and Jolene fought together to their way to Hitler's lair, they, soon, fought his Nazis. James looked up and saw that Hitler's lair was just a few feet away. "We're almost there, Selene!" Informed James to Jolene as they were, now, back to back. As soon as the two beamed apart, a Nazi drew out a gun, aimed it at Jolene, then shot at her stomach. When there were no men left, except for that one Nazi, James turned around and saw Jolene laying on the ground, bleeding to death. He cried in grief as he saw his former ward as she fell to the ground on her side, "Selene!!" Just when he was about to come to her aid, the Nazi soldier walked behind him choked James from the chains that use to be attached to his belt. He began to groan as he struggled to break free. "James..." Jolene gasped feebly as she watched in horror as the Nazi soldier tried to choke James. "You really weren't a bright thinker, were you, Professor James Moriarty?" Chuckled a man as he walked from the shadows; it was Adolf Hitler himself! When he shift his gaze to Jolene, she said to him, furiously, struggling to breathe, "Go back to Hell, you fracking, racist, son of a dog!" Furious, after she insulted him, he kicked her jaw which made her cough up blood and he chuckled inwardly, apparently his amusement from her pain. "Don't you dare harm her!!!" Yelled James, furiously.

Hitler loaded his gun at James's head and said, "I'm sorry, did you say something, James?"

"I said don't you dare harm her!!!"

After Hitler walked toward James, Hitler placed the end point of the gun to James's head and smiled, "You have a death wish, don't you, James?"

"I'll take my chances, Hitler." Said James, struggling to breathe.

"So be it." Smiled Hitler as he node his head to the Nazi soldier to choke him even harder and he did. Then, he heard Jolene's voice screaming, "LEAVE HIM OUT OF THIS, HITLER!!!!" After he turned around, she continued while trying to endure and breathe through the pain, "I got him involved in this! He shouldn't be punished by my faults!"

"Selene..." Was all James could muster to say from his astonishment. "Alright then," Smirked Hitler as he pointed the gun at Jolene.

Before he got the chance to shoot, Jolene, soon, said, "Wait, I would like to make a last request."

"Name it."

"I would like to speak to James."

"...Fine. Release him!"

And the Nazi did. "I'll give you both ten minutes to talk to each other, nothing more," Hitler continued, "Understood?"

"Yes."

"Good."

## 2 - Avenge For A Friend

As soon as Hitler and the Nazi were out of earshot, James ran to Jolene's aid.

Jolene groaned, smiled at him, and said feebly while struggling to breathe, "Hi, James."

"Selene, why did you--?"

His sentence was cut short when she replied as her smile still stayed, "It's not your time to die, James. Not now, not ever." Then she sang, "Nothing's gonna harm you, not while I'm around. Nothing's gonna harm you, no sir, not while I'm around. Demons will charm you with a smile for a while, but in time, nothing's gonna harm you, not while I'm around." (That was 'Not While I'm Around' from Sweeny Todd)

"Selene..." Said James in sorrow as tears trickled down his cheeks.

"James, listen to me. Remember this; never give up, never surrender and only, then, will you achieve your goals, if someone is precious to you, protect them with all the strength you've got. Even at the risk of your own life, and don't stop until you succeed." Said Jolene as her smile faded. She groaned in pain and said, "Damn!! It's hard to breath with this bullet in my stomach!"

"Try not to move so much, Selene." Said James as he had hand on her shoulder to prevent her from moving, "You might die from massive blood loss if you keep moving around so much." He was aware of Jolene dying. Oh he was aware. He knew that, in a few moments, she was going to die from blood loss, anyway, and, that, he could not permit from happening. But there was nothing he could do to save her. Suddenly, she sang Evanescence's 'My Last Breath' and 'Hello', sang Breaking Benjamin's 'I Will Not Bow' and sang the chorus of Three Days Grace's 'Time of Dying', "I will not die, I will survive. I will not die, I'll wait here for you. I feel alive when you're beside me. I will not die, I'll wait here for you in my time of dying." (Don't ask, I got bored! So, don't judge me!) Then, as she exhaled sharply, she, slowly, died in James's arms, leaving him crying as he hugged on to his dead, former ward in his arms. "I will avenge you, Selene, and he will not live beyond today. That I promise you." Said James, furiously. He sat Jolene down against a tree, stood up, shift his gaze at Hitler's lair, and said as if he was talking to Jolene but still furious of what happened to her, "Never give up, never surrender, and only, then, will you achieve your goals. If someone is precious to you, protect them with all the strength you've got. Even at the risk of your own life." He put his old mask when he was once The Fantom and vowed to avenge her, even if it means he had to die trying.

### 3 - The Return Of The Fantom And A Friend

Later, at the Nazi base (Hitler's lair), Hitler heard a loud banging on his door, assuming it was either an angry James, or one of his Nazis. "Come in." Said Hitler, trying to sustain his anger and frustration. A Nazi barged in and cried, "SIR, THERE'S A SILVER MASKED MAN TRYING TO BURN THIS PLACE DOWN WITH A BOMB!!!!"

"WHAT!!!!?" Questioned Hitler as he stood up from his chair. They both ran outside and saw the silver masked man (James) with a bazooka in his hands and yelled to him, "I'll show you just how cruel and vicious I can be, Hitler! And I'll show no mercy on you!!"

"Why are you doing this!? Who are you!!?" Roared Hitler in awe. James smiled, chuckled inwardly, and replied, "I am called 'The Fantom'."-his smile faded-"You took away my ward's life." -aims the bazooka at Hitler- "Now, I'm going to take away yours!!"

"You're bluffing." Said Hitler in awe.

"It possible, I could be bluffing! However, I mean what I say!" Smiled James.

As soon as James pulled the trigger, Hitler cried, "RUN!!!!" The bomb just barely missed him, and hit his lair with his men still inside. As soon as he turned around to give an order, he saw one of his Nazis bash James at the back of his head and then his mask slid across the stoned walk way which was stopped by Hitler's boot. Just as soon as James got up, three punches hit him in his face, which made him fall flat on his back.

Hitler was handed a raffle from a Nazi as an order, and he walked toward James whom continued as he crawled backwards, "You think you're gonna come in here and wreck all this? We'll just rebuild it. There'll be others like me, Hitler! You can't kill the future! And do you ever get tired of being wrong? The Nazis, your future, your dictatorship. Wrong. Wrong about my ward as well. I think you underestimated me as well as you underestimated her."

As soon as Hitler got closer to James, he stepped on his chest, enabling him to get up and attack him, had James at gun point to his forehead, and smiled, "Do you really think that your brat can kill me?"

"Her rage of you, her will, and her heart are strong, and you can't break that, Hitler! And she'll prove to you just how strong they are."

Hitler stepped off of James's chest and said, "I'll believe it when I see it."

As soon as James got up, he held up his silver mask to Hitler and it's reflection reviled something extraordinary; it was Jolene, fully healed, her gun at her hand, and a smile on her face! James made a smile of gladness of seeing her alive. "I hate you, Hitler, but deep, deep down... nah, I still hate you." Smiled Jolene. And James could see that her humor had not changed a bit.

"Kill that... that... nuisance!!" Roared Hitler.

"Sir?" Questioned a Nazi. Hitler grabbed his shirt and yelled, "KILL THAT NUISANCE, DAMNIT!!!!"

The Nazis stood still and Hitler said, furiously, "Fine, I'll take care of her myself!"

Jolene sneered and loaded her gun (the way Alucard in 'Hellsing' loaded his gun but she injected her dragon venom inside the gun to kill her victims instantly and much more easily), aimed it at Hitler who, soon, said, "I don't know you came back, but I'm sending you back to Hell, Jew!"

Jolene's smile faded, "For your information, Hitler, I am no Jew. However, my great-grandparents are Jews and I respect them greatly! And what do you have against the Jews, anyway? What have they done to you that they haven't done already!?"

"That's for me to know and the idiots of mankind to discover."

"You really don't use your brain much, don't you?"

“What are you implying?”

“Um... In case you haven't noticed you're part of mankind, Hitler.”

“...Anyway, as I was saying, you're nothing but a naive child who does not know the errors in this world.”

“Excuse me!?! First off, I've been around a week after God created Earth, so don't tell me the errors and corrections in this world! And second, I think if you're going to kill someone, kill them, don't stand there talking about it!” Suddenly, her irises of her eyes turned red while the outer parts turned pitch black as the pupils and she continued in a disembodied, demonic voice, “I'll show you the ferocity... of a dragon spirit who face more than a million deaths!”
