I don't usually write fanfics but I do write songs and this is one of them. I wrote this while I was feeling depressed so that's why it sounds so sad.

Chapter 1 - Underneath

2

1 - Underneath

Deprived of all meaning

The minute they are born

Punished for their being

Omitted and torn

To many pushed this girl too far

Eventually rending her heart

Look at all that you have done

Now look at what she's become

Chorus:

This person carries no envy

And harbors dignity

But it still remains a secret

How they feel underneath

Though there's a smile upon their face

They show gratitude for every day

Still no one will ever see

How they feel underneath

Her voice sounds so gentle and serene

But inside she's really screaming

She's battled for peace all her life

Yet people crushed all hope inside

Her personality can't be shown

She's forced to keep the truth unknown

Chorus (once)

This girl's happiness is no more

Only a smile in the masks she wore

So many burdens upon her shoulder

It keeps towering, as she gets older

Now all that she can really see

Is that she'll die depressingly

That girl has become me

Chorus (2xs)

(You keep me classified

I keep you classified

You won't know underneath)
