1 - The Awakening...

We see young Sora and his older sister Ichigo standing on a crystal platform that has a picture of Snow White on it. Then, a mysterious voice started talking. "So much to do, so little time...Take your time. Don't be afraid. The door is still shut. Now, step forward. Can you do it?" So, the two siblings looked at each other and stepped forward as three pedestals appeared: One had a sword with a gold handle that had a black mouse head on the center of it, Another had a black shield with red lining and a red mouse head in the center, and the last one had a yellow handled Mage's staff with a blue mouse head on top. Then, the mysterious voice spoke again. "Power sleeps within you. If you give it form...It will give you strength. Choose well." So Sora walked over to the one that had the sword and picked it up as the voice spoke, "A sword of great power and destruction, also great power of protection. Is this the power you seek?" and Sora shook his head yes. Then, Ichigo spotted the wand and picked it up. Again the voice spoke, "A staff of great magic and knowledge. Is this the power you seek?" and Ichigo nodded her head yes. Then, the platforms collapsed and the platform shattered causing the siblings to fall into the darkness. When they finally stopped falling they were on another platform except this one was blue and had a picture of Cinderella on it. Then, the sword appeared in Sora's hand and the staff appeared in Ichigo's hand and the voice spoke again. "You've gained the power to fight." Then, a group of shadow-like creatures appeared. "There will be times when you have to fight. Keep your light burning strong." After they beat the shadow creatures another one snuck behind them. "Behind you!" After they beat it the platform got covered by shadows and they started sinking. When they opened their eyes they were on another platform that was pink and had a picture of Sleeping Beauty on it. Then, they both spotted an almost transparent door. They walked over and tried to open it but it wouldn't budge. Then, a red and gold box appeared in a flash of light. They both opened it together by knocking their weapons against it and the door flashed and turned pink. Ichigo slowly pulled on the handles and the doors swung open revealing nothing but light. The two siblings grabbed hands and stepped through it. When they could see again they were on a wooden platform and were surrounded by their three friends Wakka, Tidus, and Selphie. "Hold on. The door won't open just yet. First, tell me more about yourselves." They walked over to their friend Selphie and she asked, "What do you value most?" "Friends." The two siblings replied together. "Are friends really that important?" Selphie asked. Then, they moved on to their friend Tidus. He asked, "What do you want out of life?" "To be strong!" The siblings replied again at the same time. "To be strong huh?" Tidus replied. Lastly, they walked over to their friend Wakka. He asked, "What do you want to do in life?" "To broaden my horizons!" The siblings replied, glaring at each other over the fact that was the third time they said the same thing. "Broaden your horizons huh?" "You value friendship, you want to be strong, you want to broaden your horizons. Is this the path you choose?" causing the siblings to nod. "The day you will open the door is both far off and very near." Then, they faded onto another platform as more shadow creatures appeared. After they beat the creatures stairs appeared in flashes of light. They walked up them and came to another platform that looked just like the others but was yellow and had a picture of Belle on it. Then, a light appeared in the center of the platform. They stepped into the light and the voice spoke again. "The closer you get to the light, the greater your shadow becomes." Then, their shadows came to life and formed a giant shadow monster. "But don't be afraid. And don't forget..." Then, they started fighting it. After they thought they

had beaten it they saw it was still alive and their weapons disappeared. Then, a flood of darkness covered the platform and consumed them. -But don't be afraid. You hold the mightiest weapons of all. So don't forget: You are the ones who will open the door...

2 - Destiny Islands: Day One

We see Sora and Ichigo asleep on the beach. Sora is wearing a strange outfit that consists of the colors red, black, yellow, and white and it's a surprise that his spikey brown hair isn't messed up. And Ichigo for once is wearing her black hair that falls to her knees is pulled up in a bun on the back of her head with her bangs framing her face and her tank top barely hanging on her sides as her blue skirt billows around her legs and she has her black boots laying beside her to let her feet relax. They both wake up and Sora sits up and yawns as Ichigo sits up and stretches. They both lay back down and see a girl with red hair and purple eyes smiling and hovering over them. "Whoa!" The siblings cried, jumping to their knees as she started laughing. "Give us a break Kairi." Sora said to her. "Sora, Ichigo, you lazy bums. I knew I'd find you two snoozing down here. "No! This huge black THING swallowed us up! We couldn't breath, we couldn't-" Ichigo started frantically explaining but Kairi hitting her in the head to stop her. "Ow!" Ichigo said, rubbing where Kairi hit. "Are you two still dreaming?" Kairi asked, getting down to eye level with them. "It wasn't a dream! Or was it? I don't know." Sora said. "Me either." Ichigo said, looking out to the ocean. "What was that place? So bizarre..." Ichigo said. "Yeah and kind of creppy..." Sora said. "Yeah, sure." Kairi said, obviously not believing them. "Say, Kairi, what was your hometown like? You know where you grew up." Sora asked as Kairi walked over to the ocean line. "Yeah tell us!" Ichigo said. "I've told you before, I don't remember." Kairi replied. "Nothing at all?" Ichigo asked. "Nothing." Kairi replied. "You ever want to go back?" Sora asked. "Well, I'm happy here." Kairi replied. "Really." Ichigo said. "But you know... I wouldn't mind going to see it." Kairi said. "I'd like to see it too." Sora said. "Along with any other worlds out there! I wanna see 'em all!" Ichigo said, jumping up. "Me too!" Sora said. "So what're we waiting for?" Kairi asked. "Hey! Aren't you guys forgetting about me? So. I guess I'm the only one working on the raft." A kid with silver hair wearing a yellow shirt and blue pants holding a log said. "Shut up Riku!" Ichigo cried. Riku threw the log on top of Sora causing Kairi to laugh. "And your just as lazy as they are!" Riku said, looking at Kairi. "Heheh, so you noticed. Okay, we'll finish it together! I'll race you!" Kairi replied as Riku sat down between Sora and Ichigo on the ground. "Huh?" Sora said. "What, are you kidding?" Riku said. "No way!" Ichigo said. "Ready? Go!" Kairi cried, causing the three kids to look at each other then start racing as she followed behind. After a day of the four kids working on the raft that they were planning on using to get off the island they were all sitting at their favorite tree watching the sun set. Sora and Ichigo were sitting by each other on the tree, Kairi was by Ichigo, and Riku was leaning against it. "So, Kairi's home is out there somewhere right?" Sora asked. "Yeah, I bet it's really pretty!" Ichigo said. "Could be. We'll never know by staying here." Riku said. "But how far could a raft take us?" Sora asked. "Who knows?" Ichigo said. "If we have to, we'll think of something else." Riku said, finishing Ichigo's thought for her. "So, suppose you get to another world. What would you do there?" Kairi asked. "Well, I haven't really thought about it." Riku replied. "It's just... I've always wondered why we're here on this island, if there are any other worlds out there, why did we end up on this one?" Riku said. "And suppose there are other worlds... Then ours is just a little piece of something much greater. So we could have just as easily ended up somewhere else right?" Ichigo said, finishing Riku's thought. "I don't know." Sora said, leaning back on the tree. "Exactly. That's why we need to go out there and find out. Just sitting here won't change a thing. It's the same old stuff. So let's go." Riku replied. "You two've been thinking a lot about this lately, haven't you?" Kairi said. "Thank to you!" Ichigo said, smiling at Kairi. "If you hadn't come here, we probably would've never thought of any of this. Kairi, thanks." Riku said. "Your welcome." Kairi replied. As the kids started walking to the pair where their boats were moored Kairi and Ichigo got ahead of Sora and Riku and started talking about who knows what. "Sora." Riku said, tossing

him some kind of yellow fruit shaped like a star with three leaves on it. "You wanted one, didn't you?" Riku asked. "A paopu fruit..." Sora said, looking at it. "If two people share one, their destinies become intertwined. They'll remain a part of each other's lives no matter what. C'mon, I know you want to try it." Riku explained, joking on the last part. "What are you talking-" Sora started. "Hahahahah!" Riku laughed as he ran off. Sora just threw the Paopu Fruit into the ocean and ran after his friends and sister. We fade out and then see Disney Castle. Then, we see Donald, the magic mage of the castle, walking through the halls and walk into the King's Throne Room. "Good morning, Your Majesty." Donald said. "It's nice to see you this morn-What?!" Donald said, ending in a screech noticing the King was missing. Then, the King's faithful dog, Pluto, comes from behind the throne with a letter in his mouth. We see Donald slowly read it then stop. "AHHHHHHHHHHH!!!!!!!" Donald screamed, running outside. He ran into the garden to find the Captain of the Guard, Goofy, sleeping there. "Wake up, Goofy, wake up! This is serious!" Donald cried, trying to wake up Goofy but only getting a snore out of him. "Thunder!" Donald cried, launching a thunderbolt into Goofy's stomach that woke him up. "Hey there, Donald, G'Morning." Goofy said. "We've got a problem Goofy! But don't tell anyone..." Donald said. "Queen Minnie?" Goofy asked. "Not even the queen!" Donald replied. "Daisy?" Goofy asked. "No, it's top secret!" Donald cried. "Oh, G'Morning ladies." Goofy said, looking around Donald at the entrance to the garden. "What?" Donald said, turning to where Goofy was looking to see Queen Minnie and Daisy. "Eh hem." Daisy said, lightly stomping her foot. "Heheheheheh." Donald laughed nervously.

3 - Destiny Islands: Day Two

The day started out normally enough: Everyone needed to get food for the raft so Ichigo went off to get mushrooms. She had found two and still needed one more but she couldn't find Sora, Kairi, Riku, or her other friend Alsce who was like her sister. But after some searching she found Alsce sitting on a rock fiddling with her handcuffs. "Alsce-chan!" Ichigo cried, running over to her friend who looked up and smiled cheerily at her. "Hey Ichigo-chan!" Alsce said. "Have you seen Sora and Riku?" Ichigo asked. "Their racing over the name of the raft." Alsce replied, sweatdropping slightly at the immaturity of her secret crush and friend. "Let's go watch them!" Ichigo said. "Okay!" Alsce replied, as they ran over to where Sora and Riku were going over the rules and Kairi was waiting to count them down. "If I win, I'm captian! And if you win..." Sora started. "I get to share the paopu with Kairi." Riku finished. "Huh?" Sora asked, caught a little off guard. "Deal? The winner gets to share a paopu with Kairi." Riku said. "The idiots." Ichigo whispered. "Wha...Wait a minute..." Sora stutted. "Okay, on my count: 3, 2, 1, GO!" Kairi cried. Afterwards the outcome of the race was Sora won by a quater of an inch so he and Alsce agreed to help Ichigo find the last mushroom they needed. But while they were looking they spotted their friend Wakka. "Hey Wakka-kun!" Ichigo said, smiling cheerfully at him. "What's up?" Alsce asked. "Me and Tidus, we are gonna do a little explorin' today. You know, to the Secret Place at the base of that tree." Wakka said, pointing at the entrance to the cavern that all the kids called "The Secret Place". "There's gotta be something there, ya?" Wakka said. "Maybe..." Ichigo replied as he walked off. "Guys, we should look for the last mushroom in there!" Ichigo said. "What kind of mushroom in it's right mind would decide to grow in that place?!?" Sora cried. "Really tasty ones." Alsce said. "Yeah, so let's go!" Ichigo cried, leading them into the cavern. Once they got in the cavern Sora spotted a doodle on the wall of he and Alsce that the two of them had made shortly after she arrived on the island. Flashback... We see a year younger Sora and Alsce carving doodles on the wall. When they reveal what they drew Sora had drawn Alsce and Alsce had drawn Sora. End flashback... When Sora was sure they weren't looking he sketched a hand from his picture handing a paopu fruit to Alsce's picture. Then suddenly, Ichigo was right above him. "Eventually you'll have to tell her." Ichigo said. "I will, just not today." Sora replied. Then, the two siblings thought they heard something and whipped around. "Wj-Who's there?" Sora said. Then, a mysterious voice spoke up. "I've come to see the door to this world." it said. "Huh?" Ichigo asked, a hint of fear in her voice. "This world has been connected." It continued. "Wh-What are you talking about?" Alsce asked. "Tied to the darkness...soon to be completely eclipsed." It continued. "Well, whoever you are, stop freaking us out like this, huh?" Sora said, suddenly seeing a man clad in black. "Wh-Where did you come from?" Ichigo asked. "You do not yet know what lies beyond the door." The man continued. "So, your from another world!" Alsce said. "There is so very much to learn. You understand so little." The man continued. "Oh, yeah? Well, you'll see. Were gonna get out and learn what's out there!" Ichigo cried. "A meaningless effort. Those who know nothing can understand nothing." The man said. That caused the small group to look at a wooden door in the wall then look back to see the man was gone. So they just found another mushroom and left. Later that day at the pair... "You know, Riku and Ichigo have changed." Alsce said. "What do you mean?" Sora asked. "Well..." Alsce said. "You okay?" Sora asked. "Sora, let's take the raft and go-just the two of us!" Alsce said. "Huh?!?" Sora asked out of sudden shock. "Heheh, just kidding." Alsce giggled out. "What's gotten into you? Your the one that's changed, Alsce." Sora said. "Maybe...You know, I was a little afraid at first, but now I'm ready. No matter where I go or what I see, I know I can always come back

here. Right?" Alse said. "Yeah, of course!" Sora replied. "That's good. Sora, don't ever change." Alse said. "Huh?" Sora asked as she stood up. "I just can't wait. Once we set sail, it'll be great." Alse said as it fades on her. When we fade back in we see Disney Castle and we see what appears to be an office with an open letter, the one Donald found, on a desktop. This is what it read:

Donald,

Sorry to rush off without sayin' goodbye, but there's big trouble brewin'. Not sure why, but the stars have been blinkin' out, one by one. And that means disaster can't be far behind. I hate to leave you all but I've gotta go check into it. There are people with "keys" the keys to our survival. So I need you and Goffy to find them, and stick with them. Got it? We need those keys or we're doomed! So go to Traverse Town and find Leon. He'll point you in the right direction.

P.S.

Would ya apologize to Minnie for me?

Thanks, pal.

"Oh dear! What could this mean?" Daisy cried. "It means we'll just have to trust the king." Minnie said.

"Gawrsh, I sure hope he's all right." Goofy said. "Your highness. Don't worry. We'll find the king and these "keys".

Donald said. "Thank you, both of you." Minnie replied. "Daisy, can you take care of-" Donald started. "Of course. You be careful, now, both of you." Daisy finished. "Oh, and to chronicle your travels, he will accompany you." Minnie said, pointing to the desk and Donald at first not seeing anything. Then, he saw something jumping up and down on it. "Over here! Cricket's the name. Jiminy Cricket at your service." Jiminy said. "We hope for your safe return. Please help the king." Minnie said as Donald saluted.

Then, he noticed Goofy acting like he wasn't going. "Your coming too!" Donald cried, dragging him with him. Then, we see them walking down a dark flight of stairs. "Gawrsh, Jiminy, your world disappeared too?" Goofy said. "It was terrible. We were scattered. And as far as I can see, I'm the only one who made it to this castle." Jiminy explained. "Goofy?" Donald hinted. "Oh, right...I gotcha. While we're in other worlds, we can't let on where we're from. We've gotta protect the world border." Goofy said.

"Order" Donald corrected. "Right, World Order. I guess we'll need new duds when we get there." Goofy said as they walked into the Gummi Ship launch bay and Donald walked over to a microphone type device. "Hello up there? Donald Duck to launch crew! Anytime your ready!" Donald said as the launch crew, Chip and Dale, initiated the launch. Then, when the opening where they were supposed to launch into opened up Donald cried, "Blast Off!" then a hole opened up under them and they dropped down. "AHHHHHHHHHHHHHHH!!!!!!!!!" Donald and Goofy screamed as they were, quite literally, dropped out of the world and they shot off towards Traverse Town.

4 - Destiny Islands: Departure

We see Sora laying on his bed thinking. He looks up on his ceiling to see a carving of a boat and a boy and girl in it. Then, he hears Alsce's words in his head. "I just can't wait. Once we set sail, it'll be great." He looked across the hall at his sister's room where she and Alsce were reading Digimon comics. Then, he looked out the window to see a giant electricity-filled dark sphere hovering above the island causing a storm. "A storm? Oh, no, the raft!" Sora cried, jumping up. Then, Ichigo and Alsce came running into his room. "Sora!" Ichigo cried. "I know. let's go!" Sora replied, starting to open his window. "Sora, Ichigo, dinner's ready. Come on down. Kids?" Sora and Ichigo's mom cried upstairs, not seeing that they weren't there and Sora's bedroom window was open. Once they arrive on the island they finally get a good glimpse of the sphere. "What's that?" Sora asked. "I don't know, but it's scary!" Ichigo cried as Alsce started fingering her handcuffs. "Riku's boat!" Ichigo cried, seeing his boat. "And Kairi's!" Sora cried. "Caitlee's as well!" Alsce cried, pointing to the third boat that belonged to their friend Caitlee. Then, shadow monsters that looked exactly like the ones that Sora and Ichigo fought in their dream rose up from the ground. "Ahhhh!" Ichigo cried, grabbing onto Sora's arm as two of them lunged for the siblings but a flash of blue light knocked them backwards. They opened their eyes to see Alsce holding a blade that looked like a key of some sort. "What is that Alsce?!?" Ichigo asked. "Now's not the time to explain, let's go!" Alsce said, leading the way and destroying the shadows to open a path for the two siblings. They ran to the paopu tree to see Riku standing there looking up at the shadow-filled sky. "Where's Kairi?" Sora asked. "We thought she was with you!" Ichigo cried. "Yeah!" Alsce said. "The door has opened..." Riku said just loud enough for them to hear. "What?" Ichigo asked. "The door has opened, guys! Now we can go the outside world!" Riku cried, turning towards them. "What are you talking about? We've gotta find Kairi!" Alsce cried. "And Caitlee!" Ichigo cried. "I'm coming as well!" A girl's voice said, as Caitlee came out from behind the paopu tree to stand beside Riku. "And Kairi's coming too!" Riku cried, surprising the three children at his sudden change of tone. "Once we step through, we might not be able to come back. We may never see our parents again." Riku said. "There's no turning back. But this may be our only chance." Caitlee said. "We can't let fear stop us!" Riku cried. "We're not afraid of the darkness!" Caitlee cried as she and Riku each held out a hand as shadows started swirling at their feet and started wrapping around the two kids bodies. The three run to help them but get surrounded by the shadows as well. They reach out to try and grab Riku and Caitlee's hands but can't reach and get plunged into shadows. Then, two lights start shining and their standing next to the paopu tree again. But Sora and Ichigo are holding weird blades similar to Alsce's. Sora is silver and has gold handles. Ichigo's is pink with a silver blade that has strange blue signs painted on it with blue butterfly-shaped handles. Then, a mysterious voice starts chanting. "Keyblades... Keyblades..." "That's what their called, aren't they Alsce?" Ichigo asked, turning to her friend. "Yes, I don't know much about them but I do know their very powerful weapons that only people with the strongest hearts can control." Alsce replied, running her fingers over hers. Then, Ichigo looked over to where the entrance to the Secret Place was supposed to be but instead there was a giant pink door that looked like the one from her and Sora's dream. Then, more shadow creatures rose from the ground. "We need to fight our way through these things to that door!" Ichigo cried, pointing to it and receiving nods of confirmation from Alsce and Sora. So, the three ran through the shadows hitting every one within reach until they reached the door. Sora tried to open it but it wouldn't budge. Then, he saw a rose-shaped hole right on the center of the door. Ichigo fingered with a crystal rose that was hanging around her neck for a minute then pulled it off her neck and gently placed it in the slot. The door then glowed white and swung open. "How did

you-?"Sora and Alsce asked as she slipped it around her neck again. "You'll know when the time is right. For now, let's go!"Ichigo replied, leading them through the doors into the Secret Place. When they got into the cavern they saw the wooden door and Kairi was standing there with her back to them looking at it. "Kairi!"Sora cried. She turned to look at them and she looked as if she was in a trance of some sorts. "Sora..."She moaned as the wooden door burst open and a wind of dark energy flew out. Kairi flew forward and as Sora was just about to catch her she disappeared. "Kairi!"Ichigo cried as the three were blown out of the cavern and out onto the sand. When they looked up they saw that the peice of island they were laying on:Was the only piece. It was just hovering in a sea of shadows with that electric filled orb still hovering above it. Then, Alsce screamed causing them to look behind them and see the same giant monster Ichigo and Sora faced in the end of their dream. Then, the blades appeared in their hands and they started battling it. After they won the orb sucked the monster into it and started to suck them in as they grabbed a piece of wood sticking out of the ground and grabbed hands with their free ones. "I'm scared Alsce!"Ichigo cried. "Don't worry, I won't let go!"Alsce replied. But just as she said that, they slipped from the wood, got seperated, and got sucked into the orb.
