When you really like this guy or maybe even love him but all you are, are just fiends and could be nothing more. But he love someone not from this world you can't help but feel bad, ugly, and worthless if not that's how I feel, but I never did feel like that just recently when that person started to hang with us it was ok at first but they started to hold hands and I could not bare it any more, so I'm glad of what I did for I can't go back know not ever, but know every time I look in the mirror I see some who I can't see even, if that does make sense, but also when I look in the mirror I don't call it that for that is not what it is, it is just a piece of looking glass, not a mirror but looking glass. This story is not just about a raven hired girl but it is about the troubles she has to endure to be able to survive in the world and the mysterious looking glass and only one person can see her true reflection and to save her from killing her self not suicide but another way. To find out what happened of what i did and why I can't go back. She also has a disease that no one knows about except her; it is a sharp pain in the heart and she tells no one for there is no one there to tell she has shut people out of her heart, she weirs a black kimono and a mask so hide the tear stains and the emotion in her eyes that no human or demon could handle just gassing upon them has turned even her family away. Yes I know you fell sorry for me, but don't I chose this path just wish my life turned out ok but it didn't and so what you will be learning about my troubles, my fears, my tears, and my sorrows, it's not to late to turn back and read happy books, but if you do chose to stay I hope you read through all of my life before you judge me and if you still think I did wrong that's just one say but after this my story will start and no turning back….
