Lonelyshadows has logoff

I got back in bed I still couldn't sleep and talking to my girl just made me what to see her more. I got dressed in a hoodie and jeans and I grab my keys. My parents are sleep so I quietly went

to my car.

I drove to my girlfriend house. I park a street away. I want to surprise her. I walked up to her house I saw her window was still open. There was ivy growing on her house. It stopped just before her window. I always wanted to climb it but I don't know if it would hold my weight.

Luckily it did. When I get to her window I peeked of the ledge of her window. She wasn't in her room. I looked at her computer screen. The last thing she said was "BRB bathroom". I got in the window. I crouched in the window and wait for her to get back. I put my hood up to hide my face.

The door open and she didn't see me at first. When she did she said "who are you?" I did say anything I just stepped down from the window. "What do you want?" she said. I still didn't speak until I was half way to her. "You're boyfriend is lucky." "What?" "To have you that is." "Why that?" "Because your beautiful." I close the door behind her.

"Thanks for saying that." "Do you have a boyfriend?" "Yes." "Like I said he's luckily to have you." I could see that she was confused. "Because your lovely." She started to blush. "Your hair is beautiful and so soft" I said as I ran my hand through her lovely brown hair. "You have the loveliest green eyes I have ever seen and your skin is so soft." I say as I run the back of my hand down her cheek.

"You're lips look so soft and kissable." I say as I leaned closer to her lips. I give her a passionate and loving kiss. I kissed her deeply and put my arms around as I pulled her closer as we kissed. I stop the kiss. "That... kiss" she said. "What about the kiss?" "Was one of the best kisses that I had and I ..." she tailed off and lowed her head. "You what?" "I hope that my boyfriend doesn't find out about that kiss." I took off my hood and gently lifted her head so she could see my face. "I think he knows." I said with a smile.

Her eyes lit up and she smile. She hugged me tightly. "Max please don't do that again." She said laying her head on my chest. "I won't Megan." I hugged her. "I forgot I was talking to someone." She said looked over at her computer. I looked over at the computer they logoff. "Look like there gone and the only person you would talk to is holding you." She looked up at me. "Yeah. Then I'm going to logoff." She walked over to the computer and logoff. I walk over to the and sat down on the bed. She turns off the

screen and sat down next to me. I took her hand in mine. She kissed my cheek and she laid down on the bed. "Lay down next to me baby." I did. I held her hand and looked in her beautiful eyes. "I love you" I said softly. I put my arms around her and pulled her close to me. "I love you so much you know that right?" "I know and do you know that I love you to" she said as she put her arm around me. "I know."

"Its has to be 3:00 or 3:30 by now you shouldn't you be going home by now." "My parents won't know I'm here and it is to late for me to go." "So you going to lie in bed with me." "Yeah." "I'm going to sleep." She pulled the cover over us and turned on her side. I pulled her close to me so she would be warm. I kissed her cheek. "Goodnight baby sweet dreams." "Night baby." I fell asleep.

In the morning when I woke up I kissed her on the cheek. "Good morning sweetheart." "Morning baby." "I would love to wake up like that again." "Like what?" "With you in my arms lovely." "So would I." "Maybe next time I wouldn't have to go so soon." "Yeah." "I'll be back later." "Bye Max." "Bye and I love you Megan." I got home before anyone was awake. I'll wait until someone gets up to go back over.
