1 - kiss in the rain 1

Earlier one of my best friends came over after she broke up with her boyfriend. I was hugging her when I heard my door open. I looked up to see my girl standing there. I tried to say something but she ran out. I went after her. When I got outside it was raining. I found my girl standing the end of the driveway standing in the rain. "Baby." I say she turns and glares at me. "It's not what you think." She started to walk away. I grabbed her arm. "Please don't go." I said. She tries to pull away. I pull her back and put my arms around her. I could see she was cry a bit. "I love you." she looked away. I gently turn her head back and kiss her lovingly. After the kiss I looked down at her. she was smiling and whispers "I love you too." I know everything was fine and that was a kiss in the rain.
