Kingdom Hearts: Axels Forbidden Memories

Chapter 1: The past memories

Ever stopped to think, who am I? Or have you ever thought what am I? I have, for I had no memories of my past and I was determined to find out the truth&

The names Axel, got it memorized? I am a member of Organization 13, and I was the 8th person to join this group of non-hearted people. Xemnas is our leader and he showed me that if I were to stay with my past, I would end up&well Id rather not talk about it&

Lately I ve been having these weird thoughts, dreams and visions in my mind. They are appearing in small parts, but the ones I see most one is what I think is a young girl and one is a little toddle boy. I really wonder who they are. And I also keep hearing a voice saying, You ll always be in our hearts Axel

It s a girls voice and I am so confused. Who are these people? Have they anything to do with me? When will I find out about them???

2 - Axels Confusion

As I slept that night, I felt cold shivers going down my back. And then I saw them, that girl and little boy beside her. The little boy seemed to be crying and the girls face seemed stained with tears. She opened her mouth gently and said "You'll always be in my heart Axel.." and she appeared next to me and kissed me on the cheek. Then the little boy seemed to be holding the quilts and then they slowly faded away. I was freaked out by this, who is she? Was my past finally going to become clear to me.... or was it just like a sign of trouble or hope? As I fell asleep, I saw there faces, and I fell into my wondering sleep.

The next morning when I woke up, my feet and hands were sore and my head was hurting. I got up and brushed my teeth and looked in the mirror. I opened the cabinet door and got out some headache tablets and took them. As I shut the door, again I saw them... but as I turned around they were gone... I was kinda frightened and something was definitely going on. I got into uniform and I started to make my way to our base.

On the way , I met Larxene, the girl I have a few feelings for. She is the 12th member to join our Organization. She has blonde shining hair and green sparkling eyes. As she walked beside me I blushed...

3 - A Passionate Conversation

As she walked past me, she saw the blushing on my cheeks. She grinned sneakily.

"Hiya Axel!" Larxene yelled as if I couldn't hear her. I covered my ears so they wouldn't be damaged any more by other times she screamed in my ears. She put my hands down.

"Sorry.. Anyway... Did you know that Xemnas... *cough* mansex *cough*... wants us all in his office for a meeting today?" she asked. I shook my head " No, do you know what it's about?"

"I think it's something about the whole key thing... I dunno... Anyway.. wanna walk together?^^" she replied. As there was no way of escape I unfortunately agreed. She smiled happily. Her face always seems to have its own heart, even if she doesn't... but her face always makes me seem... happy.

So we walked to Xemnas's office area where the subject about the 'Key' began to unravel.
