1 - The prank

I am happy for once! today I woke out to a massive mug of coffee and 4 tacos just for me! I was so happy then I got a crazy story idea and its sitting in a notebook in my secret hiding place (I only have a hiding place because my sister and her friends snoop around in my room for my secrets and thought I write in a notebook). Then I drew my sister and her stupid friend if they chibis Time to call VR_Jay and sharpen that Axe! then I tricked my mom and scared the living crap outta her with a picture from elfwood of a character called Trepaz, he's like the Grim Reaper of animals and he's really freaky and cool looking first I set it as a background and when she came down to send some pics to my dad she first had to close my Invader Zim episode I was watching(yes I downloaded a lot of them, my faveorite is the "bad,bad rubber piggy" episode)and poof a spooky pic came up and she freaked out! it was worth it!
