# 1 - The begining

## Sonic tournament.

*"Chaos control!"* A black and red hedgehog yelled. "Sha...Shadow!" came the reply from the blue hedgehog he was sparring with. Shadow appeared a few second's later, just behind his opponent. He let out a swift punch, which was dodged just in time by the blue counterpart. "Nice try, but you'll never be fast enough for Sonic the hedgehog." Shadow glared up at Sonic, before laughing. "Really? Might I remind you who won our last three races? I believe it was me." Sonic growled this, and was about to retort when a brown and green streak rushed by, stopping a few inches away. Both hedgehog's looked to see this new comer and stared at an unfamiliar face. It was another hedgehog, only this one was brown and green where shadow was black and red. "Sonic the hedgehog? Shadow the hedgehog? I've been ordered to give you this by Dr. Ivo eggman. "he said. Both the rivals grabbed a letter from the brunet, to see it was a letter." What does egg-butt want now?" sonic sighed, as he read his one. It was needless to, though, as the letter started speaking to him. "Hyo ho ho! To the lucky reader of this card, congratulations. You have qualified to enter the most difficult and yet rewarding tournament ever thought up. You and your team (who will be reviled shortly) will win not, 1, not 2, not Evan 3, but ALL 7 CHAOS EMERALD'S. As you are in team B, here is who will be in your team. Sonic the Hedgehog, Miles "Tails" prower, Knuckles the echidna, Shadow the hedgehog, Ashley the teneric, Laz the vixen and Demon the echidna. If you agree, please report back with the messenger. Goodbye, my tournament entrant." it was then signed by the Dr. sonic and Shadow stared at each other." What do you think?" Sonic asked, not taking his eye's off the letter (Eggman's letter's were prone to explosion) "I say we try. Knuckles will have entered. You know what he's like." "Yeah, but who are these Ashley, demon and Laz though?" the messenger cleared his throat here, and butted into the conversation. "Well, you've all ready met one, and he's standing here right now." He bowed at this. "I'm Ashley. Ashley the teneric." And with that, the trio made there way to the Sonic Tournament.

## 2 - The team

Here is the second chapter(Finally)Frolli the hedgehog belong's to manic010493,THE ONLY PERSON TO EMAIL ME!

They arrived at the battle ground just in time for the first round.  
"We'll be up first."ashley,the brown and green teneric said brightly  
"Wait in there , I've got to see to somthing."sonic and shadow both  
headed through the door."so , what do you think of our teammate?"sonic  
enqierd to his companion."He seem's to know a bit too much about our  
little game with eggman,"shadow replied."We'll keep an eye on him."  
"Got you covered."sonic said, winking.They entered a room to see a  
fiight they had just missed.Sonic's pal, knuckles,was lying on the  
floor,looking up at a light-blue echidna with a mohekan and 20 spikes  
on each hand."your good ,the stranger said, who they presumed was  
this demon they had heard of. They could see why now. in the  
background, sonic's best freind , Tails, was talking to a pink  
vixen, who they presumed was laz.She was an exact copy of tail's,  
except her eye's was yellow where tails' where blue."Look's like  
you lost again, knuckle-head."Sonic laughed."He only beat me cause  
I looked the other way."Knuckles growled,arrogant as usual."Ten  
minuit's A blonde female hedgehog said , walking into the room.  
when she saw who was in the room, she blushed a bit."Oh , er , hi"  
she said , aveting her eye's from sonic, knuckles and shadow."Well,  
er,where's teamleader Ashley?"she said, gaining her confidence back.  
"He went out."shadow ansered"Well then, mabey you could keep me  
company."She flirted, winking. shadow looked into her eye's before  
walking away and sitting in a corner."That's shadow."Sonic said,  
walking over."He probabbly like's you, he just never show's it."  
"I know , I know. And your sonic the hedgehog."She said exitedly.  
"Listen, Frolli, sonic has enough girl's chasing him.He leaves them  
all in the dust.""Tch, that amy."Frolli growled, befor muttering  
unintelligleable words .Sonic only cought a few like"All the boy's"  
and "She could get anyone, why can't she leave sonic for me."  
"Speaking of amy, shouldn't you get back too your team?"  
" Oh. I compleatly forgot!"she made a rush for the door, and before  
she left, looked at sonic and shadow,and winked with a "Catch you  
later.""Thanks"Sonic sighed"She's just like amy.""And we'll see them  
both next round."Ashley laughed."WHAT!?"sonic yelled.

### 3 - Round 1

Sonic tournament 3: the first round. Okay. When you email me, PUT THE CHARACTER IN THE EMAIL! And please don't ask for whole teams. IT AINT GONNA HAPPEN. Froli belongs to Bexmanic, and Rider belongs to her friend. Dark belongs to dan\_dragon. On with the story. Team B stepped out to face their opponents. Leave Froli to me. Ashley said in a dark tone, waiting for his opponent's. Then team A stepped out. The first two Sonic had been expecting, and sure enough, Amy and Froli stepped out. Next was Rouge the bat, who Sonic had known would show up if she could get Chaos Emeralds. Cream the rabbit was next, who Sonic was surprised about, Cream hated fighting. A brown hedgehog with an extreme gear walked through after. Sonic had no idea who he was, but Ashley chuckled. "So Raider's shown up." But nothing could have prepared Sonic for the surprise he was about to meet for the first time in years. "What's up, Sonic-bro?" a green hedgehog with an orange coat on asked. "We missed you, Sonic." a pink one laughed. "Manic?" Sonic gasped. "Sonia?". It was true. Sonic's brother and sister was standing right in front of him. "hey, think fast." Manic yelled, throwing a necklace Sonic hadn't ever thought he'd see again. "My guitar! wonder if it still works?" he put his hand on it, activating it. A 12-stringed guitar immediately appeared in his hands. It worked. "Let the match..." Eggman's voice boomed over them, "BEGIN!" The first thing anyone noticed was how similar Ashley's fighting style was to Shadow's, minus the chaos controlled moves. He took on Froli. Manic sprung at Sonic, who easily dodged. The move. Rouge went for Knuckles. "How about a wager?" she whispered into his ear. "If I win, I get your master emerald." "If I win," Knuckles retorted, "You leave me alone?" Tails was left trying to catch Raider, who was zooming around on his gear. "You like it? he yelled back to the fox. "Made her myself! the indestruction. You'll never..." He then ran out of air and was forced to fight Tails hand to paw. Shadow was running from Amy, who had thought he was Sonic and made a bum-rush at him. Demon had beaten Sonia in one punch, but Cream didn't want to fight. "It's okay," Laz said to her softly, "you don't have to fight, just call a T.K.O. In ten minutes, everyone but Ashley and Froli was still going. She caught him with an up-draft, sending him miles into the sky. Which was exactly what he wanted. He put all of his weight into falling, and landed a few centimeters from Froli. The impact was enough to make her go flying to the wall, knocking her out. The match was over. "Very good," Eggman yelled out to them again. "Now, if Team's C and D will please come to the stadium." Team D consisted of one hedgehog, who looked exactly like Shadow. The match lasted for 30 seconds and ended with team C being carted out on stretchers. Ashley then recognized the black hedgehog. "THAT'S DARK!" he yelled, the color draining from his muzzle.

Sonic tournament 4: A new terror;dark cometh.

okay. I will not put team's in if there isn't a description about the charactor's and it isn't an email.I'm sorry if you can't email me, but i don't know a thing about your charactor.Dark belong's to Daniel Tilly, a boy who go's to my school.Yes i realize he is a sephiroth reference.

"Just who is Dark though?" shadow quizzed. It was the afternoon, and team B was in the room eggman had

provided.Ashley was explaining who Dark was."He's my brother.When we were born, scientist's ran experiment's

on him, like he was a labrat. He grew to hate science then, in time, to hate everything.were like polar opposit's on a magnet."

"You mean your nothing like each other?"tails quizzed.

"Yeah.But if he's here, then he's probably cut a deal with Eggman.Most likly to take you out, sonic."

"me?"sonic gasped. This was an alltime low for his arch enemy.his expression rapidly changed."Well then,

I guess it's time for us to beat him. It's like I once said. It's not weather you win or lose, it's how you juice the comptition."

"I've never heard you say that."knuckles grinned.

"It was along time ago."

"Your basing this on the fact that i might let you fight!"Ashley yelled, standing up."If you enter that ring, You will die.Dark killed 50 trained eliet gun soldier's,wrecked ten of the MADDOG series robot's without even

breaking a sweat. They didn't stand a chance.I'm doing this alone."

"So what do you suggest we do?"demon said, standing up and baring his teeth.

"We are in this together, Ashley."Laz interjected.

"i'm not sitting this out."shadow growled."If he is as strong as you say he is, we'll need chaos blast and chaos control."

"Look's like you got no choise, leader."sonic said, putting emphasis on leader.

"I do have a choise." Ashley snarled, diving forward.

Next morning, Ashley entered the Arena alone.At first, he couldn't see Dark. then he heard a sneer behind him.

"You should have never have beaten up your own crew."dark said, floating behind him.

"Dark! I know what your here for. I did it so you couldn't get sonic."Ashley retaliated.

"Brilliant deduction. But he's not what I'm here for."

"He's not?then what do you want?you don't need those emerald's?"

"You Ashley.Just you."

"Then come and take me!"With that, both participant's dived into battle, both driven by somthing much more than victory.
