1 - wasted time

Wasted Time

One day passed, and then another, one day passed and then another, so on a week passed, so on another week passed, and I kept my secret. But I wanted to say it I wanted to scream it I was just a coward in front of you. I was gonna scream it I was gonna say it wasted time wasted time wasted time. I can't go back wasted time wasted time wasted time I'd go back and track the day I was gonna say. I talked and walked with you so on the days passed, so on time kept going and I just stayed and wait until the end. I was gonna scream it I was gonna say it wasted time wasted time wasted I can't go back wasted time wasted time wasted time I'd go back and track the day I was gonna say. You shared all I did too but my secret stayed with me not caring just staring at time. I was gonna scream it I was gonna say it wasted time wasted time wasted time I can't go back wasted time wasted time wasted time I'd go back and track the day I was gonna say. One day I was going to scream and say to you. I was running to you I was going to you. I was gonna hold you, grab you, kiss you, I was gonna do until I saw you with another one. Holding their hand, grabbing them, kissing them, loving them. But I was gonna say. I was so close and yet so far. I was gonna scream it I was gonna say it wasted time wasted time wasted time I can't go back wasted time wasted time wasted time I'd go back and track the day I was gonna say. I was gonna and only gonna.
