1 - Run Away

RUN AWAY

I won't say a thing I won't do a thing I won't touch a thing I just wanna run away run away from here run away from everything. Run away Run away .I need something that I'll never get only live in this reality that kills and heals and I don't care if you can't bare to see me I'm running away so forget that you ever met these eyes.I won't say a thing I won't do a thing I won't touch a thing I just wanna run away run away from here run away from everything.Run away run away.I need something that I'll never get only live in this reality that kills and heals and I don't care if you can't bare to see me I'm running so foget you met these eyes.You people don't understand me stop pressing me don't you know I'm running escaping from you don't worry I'll hurry so don't stare and glare at me I'm running away from this nightmare.Walking down walking up running down running somewhere I don't know I just keep running to the endless road wearing a hood no one will look at me.I won't say anything I won't do a thing I won't I won't touch a thing I just wanna run away run away from everything.Run away run away. I'm gonna run away away from everything I don't care you people don't understand me never ever will so run away run away just go run away no one understands me so run and run away run run just run away run away me.09:55:20 PM3/12/2005
