A Fool's Folly?

Am I to be ridiculed and sent away for finding

hope

In dark, dark corners such as these?

Why was I cursed and blessed with this ability and this

pain?

One side says to me,

“Forgive them, they are learning and why shouldn't you forgive them?”

Another screams,

“ They hurt you so much, you cry almost every day?!”

“ What's your problem?!”

“To forgive and forget is to folly!”

To be taken advantage of is not a source of

joy

to me at all.

I didn't stop you because I wanted you to learn the lesson on your own.

But don't you see it worked?

I'd like to be liked for being a friend, not for being passive or a doormat....

Am I doing something

wrong?

Something to earn your

disrespect?

Would you rather I despise you for the

crimes you have committed against me?

Easier you might say, even beneficial.

But I know that it would hurt me more than you know.
