1 - Irish for life

This is a Yu Yu Hakusho story about a girl who is Jin's sister but... they don't know it and soon fall in love yet there is more than that love this girl Yoko comes out sometimes and greets her and Hiei is not as mean to her as he is to the group but he just thinks of her as a friend nothing more. She was at the dark tournament but she never watched her brother fight she doesn't even know about him. She is Irish and has baby sky blue eyes and long red hair with pointy ears and her power is the wind she mostly wears a silver/white kimono that goes up to her knees and she wears white shoes that help her run faster, Her name is Kin and Her mother and father she does not know they are said to have been killed and when she left the dark tournament she went to a small but nice city and lived in the woods she is wanted at spirit world for breaking into the vault so she hides so they can't find her, sometimes in the forest when she is resting on a tree she will hear someone in her head and she talks to him but he is stubborn and when he doesn't want to talk he just says Hn but she doesn't mind much she likes to talk to him because she never talks to people she has not seen him before but she suspects that he is a demon because they talk through their minds. She has seen something fly past her that was a black blur and she thinks that the blur could be the man. She watches the teenagers and couples walk through the park and she has seen the spirit detective before she knows that his name is Yusuke Urameshi and he works for Koenma, King Enma's Only son, the ruler of spirit world.

Kin sat in a tree watching the couples in the park thinking to herself how nasty these humans were they don't care about anything but themselves and their stupid human friends and lovers heh I have nothing against them but they act so...so... different from demons... how come they are free when we aren't, as she thought to herself she felt a presence of her friend that she talks to and she shut her eyes and smiled and snickered to herself as she said to him "hello what brings you to this neck of the woods?" the voice slightly chuckled and said "Hn. I can go where I want when I want" she smiled to herself and said to him in her head "so why don't you come and show me what you look like or your name?" the voice was quiet and then he said "Hn" and she could tell he wouldn't answer because whenever she asked he would leave but she saw a man with black spiked up hair that the gravity must be holding up on its own his hair had a white strip going up and down he had a white bandage on his forehead and it was giving off some kind of demon energy his eyes were shut as he slowly walked he had a black cloak on him with a white shawl over it on his shoulders he had black shoes and a white bandage wrapped around his right arm that was also giving off so demon energy.

He slowly walked over to under the tree you were sitting in as Kin eyed him suspiciously as he stopped

right under the tree and soon dissapered and re apeard right infront of Kin and opened his eye's and said Hn.

Kin blinked noing that voice as she smiled to herself now seeing who she was talking to all along it has only been 2 week's as she looked at him his eyes caught hers as she looked into them and it was as if she

was in a trance this man had the most beautiful Crimsen blood red eye's she she had ever seen, she blinked afew times as she scaned his body energy and his sent. He smelt like he was a fire demon but then

again there was that little sent of a ice demon in him to it was mixed up into one, he was also very strong about as strong as an A or S class demon and the demon energy he was giving off right at that moment was a great deal of energy by itself. She then senced somthing very odd but it was not him the sent was a Kitsune or in other words a fox demon then she heared a soft human voice with a small hint of demon in

it, it said just as she turned her head "Hiei what are you doing here and who is she and why does she have the sent of a Mo-zoku (demon)" Kin blinked as the man named Hiei hned and said giving this man a

death glare "Hn you ruined my fun" with that said the Koorime jumped down from the tree onto the ground walking past the man into the forest the man looked up at Kin in the tree he had long fiery red hair with

beautiful green eye's he had a light redish pink school shirt on with the same colored pants and brown shoes he smiled at Kin and said "Hello its nice to meet you my name is Suiigi but you can call me Kurama

" Kin blinked as she looked at him, he had a deep voice and he had just said he was Kurama, She then stood up and jumped down infront of him not touching the ground because she was flying with the wind but

she was inches away from it as she looked at him and asked "could you be Kurama... Yoko Kurama?" he smiled and noded to Kin's question and asked "And would are you a wind Mo-zoku? may i have your name?" she smiled and noded and said "Hello my name's Kin i am a wind Mo-zoku from Maki" Kurama smiled and took his hand out of his pocket and put it infront of the girl and said "It is a pleasure to meat you Kin" the girl blinked a bit and said "im so sorry but..well i dont use human body laugage" he smiled and took his hand down and bowed as the girl bowed back.
