1 - A random meeting

It was a clear, near cloudless day when a tall elegant woman walked into the woods outside a large city. A little girl with angelic wings walked next to her, they were both escorted by a dozen guards. The girl looked up to the woman.

"Tifa?"

"Yes Kira?"

"Do we have to have the guards around all the time? Are they scared?"

The woman laughed "No, they need to protect me. Why?"

"I wanna go off alone." she smiled

"Are you sure?"

"Come on, please." the girl whined

"Ok you may go." she smiled as the girl walked off into the woods. "Now Kira, be careful." she shouted

When the girl was out of sight she found a clearing that grew many flowers. She decided to pick a few of the flowers and after a while she fell sound asleep. A rustle in the near by tree branches were made by two young boys. One was a green child with a lizard like tail and the other was normal looking with thick brown hair. When they landed on the ground they turned to each other.

"Hey Zero" the green kid said "were kinda far away from the village. We should be heading back, shouldn't we?"

"C'mon Enji, wheres your sense of adventure?"

"...Ah never mind, I'm going home."

"Suite yourself." he said as he watched his friend slip back into the trees.

He turned around to find a sleeping girl with pure white wings in the clearing.

2 - A new freind

Zero walked cautiously over to the unfamiliar girl and saw her snow white wings. He had seen a lot of things in his home village but never before had he seen anyone with wings. He turned around to try and see where she might have come from, he saw nothing. Before he was able to search any further he was sent forward by a large blow to the head.

"Who are you?" A young feminine voice screeched behind him.

"YOUCH!" Zero held the back of his head as his body curled up. He looked over to see the girl standing over him with a thick branch in her grasp. "What was that for?" he shouted.

She stopped and looked at him, now that she looked at him he didnt really seem threatening.
