Chapter 1 - Characters	2
Chapter 2 - Characters 2	3

1 - Characters

The characters are made up by me. DON'T STEAL IDEAS!

Yukama

Special Moves: Lightningbolt, Tumbling Kick, Knife Hand Jaw Breaker

Thunder

Special Moves: Katana Strike, Gut Cut, Gashock

Hiromi

Special Moves: Mineralsickness, Heat Blaster

Yumi

Special Moves: Ice Sphere, Ice Kick

Warrior

Special Moves: Floating Super Kick, Net Trap

Xuka

Special Moves: Snake Bite, Singe

Yuki

Special Moves: Fire Ball, Fire Kick

Yuki and Yumi are like sisters. (Millena, Kitana thing)

Having different special abilities.

Thunder stands alone. The destroyer of Planet Omaru, this fighter will kill anyone standing in his way.

Hiromi is an innocent soul. After all, being the most young out of all the fighters entering the tournament, he's 12, he hasn't killed anyone YET.

Warrior is the guardian of King Xuki's Castle of Planet Toxicon. Very disciplined; does not want to fight. Has great defense.

Xuka is King Xuki's son. The fastest Hapkidoist in the world, not evil, and strong. Some say that he is weak, but his speed is magnificent.

And, that's that. I don't know how to end this off, maybe with another chapter.

I'll draw The 7 characters and post their art up here.

2 - Characters 2

You know the other characters, but not these. These are new ones I came up with earlier. Now, take a look!

Mist

Special Moves: Mysterious Daggers, Mega Fist

Toshihiro

Special Moves: Roundhouse Special, Axe Pounder

Crystal

Special Moves: Jewel Attack, Double Edged Sword

Katana

Special Moves: Kat Klaw, Dragon Striker

New ones, I tried to post them up, it was against the rulz. So, unfortonitly, If you see them they will be POLYGONS. "sigh"
