A simple poem about Rath's involvement in Fire Emblem 7. The begining kinda sucks, but otherwise I like it!

I Never Wish

I poem I wrote about my sweet Rath. I may add some, but that depends... tell me what you think! Thanks hugs, read away!

I Never Wish

Abandoned young, your father couldn't keep you.

Without love you traveled this world,

Lending your strength to those who wished it.

Until one day, when your home was burning,

You had a duty to fulfill, to rescue the Marquess.

And then you met her, the one whose life you saved.

She was from your home and had also lost her family.

She understood you, befriended you, and maybe even loved you.

In return, you followed her, swearing to protect her,

You began to know her and began to love her.

Your journey came to an end and you parted ways with her.

A year passed and trouble brewed the continent.

Hired to assist Ostia, you were sent to a ruined castle.

There you saw her again, and your want rekindled.

But you were not the only one. There were others who wanted her.

A burly blue haired noble and his friend,

The flame haired son of Marquess Pharae.

Sadly you watched as the Lycian nobles held her heart.

Until a battle when you helped each other as the last ones standing.

You defeated the enemy and she confessed to you,

“I never wish to leave you side.”
