Dreams Ascending By Dream_Fire

*What Takes Place, when I lay my my head at rest?
When Reality fades and moonlight rays, crest me gently in my sleep?
When Dusk falls my Dreams call and drag me into the deep.*

*Dreams, some good, some bad, Others happy, others sad.
But one think is for sure, about all of these.
They I all treasure, and only I have there keys.*

*My Dreams you see, mean so much to me.
But I cant share them with you, because its hard to explain.
If you under stood you'd be torn in two, when you see it causes me pain.*

*My Dreams cause this pain, It hurts and it Burns,
But this world, Beautiful.
There I long to return, there I belong, My World, Wonderful, Colorful...my world.*

*But now Moonlight fades, and Realities rays, beacon me from my sleep.
With Dawn ascending my heart needs mending,
Till Dusk falls and my Dreams call, once again the moon ascending.*
