1 - when you close your eyes

Rainsford yawned closing his eyes numbness slowly spreading through him he always felt slightly numb like everyone else did before he went to sleep but this was not the going to sleep numb or the near dead numb he had felt that to but this didn't feel bad and his eyes closed blackness should have then over taken his world but then he found himself opening his eyes to wind blowing in his face salt water assulting his eyes his senses seemed over 100 times more advanced as the wind howled what happened he blinked and tried to wake up but found he could not he pinched his arm he was not dreaming it had hurt and still stung as he noticed he had claws instead of nail "STOP WASTING TIME THE SHIP WILL CAPSIZE IF WE DON'T GET IT UNDER CONTROL Rain Storms Forest stop staring everywhere" he just noticed he wasn't alone and that he was on a ship hundred of people ran around the deck grasping sails some appeared fairly human while others didn't even have a humaniod body and others seemed something in between some had went so nuts that they just jumped the side he found his arms were gripping a piece of rope based down from the side the girl that had yelled at everyone was glaring as she pointed at him at the end but that wasn't his name then he noticed his long brownish red black hair was whipping around him but it was only neck length not ankel as it now appeared the girl was young 7 at the oldest pirate symbol on the cloth tied around her head shaggy clothes large claws and a sword at her hip "Thats not my name" she looked at him conufsed "You must have been hit in the head I'm Kasi and your Rain Storms Forest A Wind Demon brother to the leader of the Bloody Ravens Your a pirate now get this ship under control" Kasi yelled at him slapping him in the face this little kid was crazy "I am not crazy I am also a mind reader I'll tell you everything you need to know in your head so you don't screw up Kagura won't be happy about you forgetting everything" who was this kid who was Kagura who was Rain Storms Forest what was the bloody ravens in an instant the girls voice had explained all this with out her lips moving The Bloody raven was a group of pirates that where actually led by a pirincess who had run away they were all children expect himself and a guy named Maru even the captian herself was still in her teens but old enough to be married and had went missing for several years this was there first day out after her return shoot even if this wasn't him he couldn't screw up he had no clue what was happening but he knew He was a important person in this somehow and he was this important persons body he had to his best if Kasi was right all he had to do was tie the flag into its post so the navy wouldn't see then as they sailed by in the storm he drew in a breath and grabbed the edge to the smaller cabin like sticking out in front of him pushing up to pull himself up but ended up pushing himself al the way to the top of the ship seeing the black pirate flag it was a skull with a bird flying behind it with black and red feathers he swiftly tied it to the pole

pulling the string tight if he had to do this he would do this to his best.
