Yue's thoughts after seeing Eriol.

1. Heart of glass

AN: I do neither own CCS nor The original song, which is from Ben.

It is the most tender part of me
That you have just destroyed.
I can't go any further, so please stop!
Can you see the shards in my hand?

But you throw stones into my heart of glass,
Can't you feel how it breaks?
You shoot arrows- hit me inside.
Can't you feel how it breaks?

This heart of glass.
It is my heart of glass.
This heart of glass.
It is my heart of glass.

Come back, be just here
And look what you have done.
Heal the wounds, feel this pain.
I want to forget what has been there.

But you throw stones into my heart of glass,
Can't you feel how it breaks?
You shoot arrows- hit me inside,
Can't you feel how it breaks?

This heart of glass.
It is my heart of glass.
This heart of glass.
It is my heart of glass.

Never again will I feel you,
Never again will I touch you.
Is it that what you want?
I miss you.
I will never forget you,
Will wait for you.
Just look at me once more
Or else you will destroy me.
Or else you will destroy me.

This heart of glass.
It is my heart of glass.

This heart of glass.
It is my heart of glass.

But you throw stones into my heart of glass,
Can't you feel how it breaks?
My heart of glass.
