*Drabbles are 100-word ficlets. I find it easier to group them by fandom than post each one separately.*

## VARIATION ON A THEME

"So what you're telling me is that there's a girl..." Scotty checked off a point on the clipboard, "and a kidnapping," check, "an assassin, and a Russian spy with the plans for a new radar-scrambling device." Check, check, check.

"Well, yes, but..."

"That's five out of six! So what's new this time? Tell me that!"

"Well, for one, the girl kidnapped the assassin, the spy is trying to rescue the device, and we're set to deliver it to the Russians."

Scotty paused. "Fair enough."

"Breadroll?"

"Don't mind if I do."

They finished their breakfast before setting off to the mines.
