Dedicated to certain fans of Sonic the hedgehog.

1. A poem

Nothing makes the Ragdoll sadder
than to see
several moronic nerds get madder and madder
at a cartoon character named Sally.
"She's a slut!"
They cry, rant, and whine,
"I want to kill her! Now what?!"
They proclaim proudly, convinced they have a spine.
All the while drawing and writing crappy smut
where their favourite characters are portrayed as having an IQ of nine.
And what remains a mystery to the Ragdoll
While all this is going on
Is how fans are unaware of the downfall
of Sonic at the hands of these morons.
Would Sonic, Tails, and Shadow ever get in a drunken brawl?
Does the sight of blue hedgehogs really give Knuckles a hard on?
And the girls, none of them are empty brained whores
who'll sleep with the guys at the drop of a hat
No matter what you hear in the rumors,
Not Sally, Amy, Mina, or even Rouge the bat.
