*a poem i made when i was upset..*

## 1. A simple sentence

A single tear..a single kiss  
a broken heart without any bliss  
lost,dead and hurt inside  
a feeling that i cannot hide

Left forever alone to bleed  
yet it is a feeling i do not need  
i wonder why,it was givin to me  
Why cant all you people see

That the darkness is now surrounding me  
its so dark,i cannot see  
One last sentence escapes my breath  
as i tumble into the darkness of death

i whisper a sentence,my eye swell with tears  
a sentence that i filled with my fears  
a simple one i thought you knew  
"goodbye my friend i always loved you"
