1. Under This Smile

Under This Smile

Under this smile

My world is caving in

I can't hold it together forever

My world is crashing without you

I used to be able to hold it all

Now I can't

Because you aren't there

What I'm standing on is sinking

I need you to save me

But I know you won't

It's all because of him

He has you locked up

So I will never see the real you

Under this smile

I'm crying

I'm dying

I'm crushed

Only you can save me

I'll be waiting

Waiting for you to come to my rescue

I know you can break free

And save me from under this crash
