1. Him

Him

He's trying to take you away

Take you away from me

He has won

Because you let him

You didn't fight

You didn't even try

What makes him different

Different from me

When he came

The real you disappeared

He has you locked up

And you're not even trying

You're not even trying to fight him

You just let him take over

Why did you give in so easily

I knew the real you

Now the real you is gone

Only you can bring the real you back

Don't let him win

You let him win the battle

Don't let him win the war
