1. Without you

Without You

Without you

I can't breathe

Without you

I can't sleep

I can't do anything without you

Without you in my life

I'm fading away

Why can't I do anything without you

Why

Why do I have to do everything without you

Why can't I do something with you

I miss you

You helped me when I was down

But without you

I don't see a way that I can get up

I'm always down without you

Without you

I'll stay down

Forever

I can't live without you
