## 1. whjat did i do?

i used to mean,  
the world to you,  
now you despise me,  
what did i do?

did i wear an outfit  
you didnt like?  
did i cut my hair  
and it just wasnt right?

were my kisses not enough?  
did i play a little too rough?  
did i flirt with other guys?  
did i ever make you cry?

you friends keep telling me  
that you still care,  
i hope you do,  
i'll always be there.
