I can't say anything, cause you never know with roleplays ^_^

1. THE ADVENTURE BEGINS!

SONIC OC ROLEPLAY

The rules are VERY simple! No rude comments (*unless you`re the villain..... Mwuahahaha*), and you need to not just "WHAM! HERE I AM!" try to make it make sense, such as, the area that the people already writing are at is a place where you live, you want to steal something, so you jump down from a tree, or a smokescreen, WHATEVER! I`ll start things up so you can understand! ^_^
