Shadowgame

I took part in a shadowgame,
Trusted my cards played them all by name,
Darkness lingered as my lifepoints fell,
I was fading and my opponent could tell,
He laughed untill I was no longer,
And as I went we all knew who was stronger,
My stratagy failed and and I payed the price,
And so that day was the end of my life.

WeLL THATS IT! WHAT DO YOU THINK this is the first thing iv entered on to fanart centerl.Do you think I should write stories aswell.
